### Welcome to VSPS: Veterinary Services Process Streamlining

VSPS provides a consistent and standard method of data capture at all levels and provides data dissemination to the appropriate existing databases. This provides a more comprehensive analysis tool for animal tracking and disease analysis which in turn, would allow VS to respond quickly to any threats to animal health in the United States.

Find an [Approved Establishment](#)

- 1. Click I agree

- 2. Enter eAuthentication user id and password

The image shows a web form titled "eAuthentication Login" in a green header bar. Below the header, the text "Login with my User ID and Password" is displayed in bold black font, underlined. The form contains two input fields: "User ID:" followed by a text box, and "Password:" followed by a text box. Below the "User ID:" field, there is a blue link that says "Forgot your User ID?". Below the "Password:" field, there are two blue links: "Forgot your Password?" and "Change My Password". At the bottom of the form, there is a yellow "Login" button with a black outline and rounded corners.

Copy ->

1. Enter data into the first tab with all required fields entered.
2. Use copy feature if consignor information is the same as Origin information.
3. Move to the next tab – Consignee and Destination information.

1. Enter data into the next tab.
2. You may use the address book feature by clicking on the address book icon.
3. Click on the Carrier and shipment tab.

\*There are required fields on three of the 4 tabs (Consignor and Origin, Consignee and Destination and Carrier and Shipment).

4. Once you have all required fields entered click save request.

The screenshot shows a web form for creating a shipping request. At the top, there are four tabs: "Consignor & Origin", "Consignee & Destination", "Carrier & Shipment", and "Required Tests". The "Consignee & Destination" tab is currently selected and active. It contains two main sections: "Consignee" and "Destination".

The "Consignee" section includes the following fields:

- Business Name (text input)
- First Name \* (text input)
- Last Name \* (text input)
- Address 1 \* (text input)
- Address 2 (text input)
- City \* (text input)
- State \* (dropdown menu with "Select a State" selected)
- Postal Code \* (text input)
- County (text input)
- Country \* (dropdown menu with "United States" selected)
- Phone \* (text input with "1" in the first field, and "Area Code and Number" and "Extension" labels above the remaining fields)

The "Destination" section includes the following fields:

- Business Name (text input)
- First Name \* (text input)
- Last Name \* (text input)
- Address 1 \* (text input)
- Address 2 (text input)
- City \* (text input)
- State \* (dropdown menu with "Select a State" selected)
- Postal Code \* (text input)
- County (text input)
- Country \* (dropdown menu with "United States" selected)
- Premises Id (text input)
- Phone \* (text input with "1" in the first field, and "Country Code", "Area Code and Number", and "Extension" labels above the remaining fields)

At the bottom of the form, there are two buttons: "Cancel" and "Save Request". The "Save Request" button is circled in red. There is also a "Copy ->" button located between the two main sections.

- After Initial Data is saved you get a green success message
- Get additional data entry options (add/edit/remove animals, Issue etc)
- Top section in no longer editable

1. Click Add animals
2. Determine if you want to add a new animal or use one that was entered into your business profile. By clicking on the arrow in the drop down.

**I want to...**

These actions will apply to the list of animals below.

Select Action

Apply

Nothing found to display.

**I want to...**

These actions will apply to the list of animals below.

Define new animal

Individual

Group

Multiple (Enter Ids)

Multiple (CSV, CR-LF)

Multiple (Sequential Ids)

Apply

Nothing found to display.

If you define a new animal you have several options for data entry:

- Select Individual if you have one animal on your CVI
- Select Group if every animal has the same characteristics (same gender, same id, same age etc)
- Select Multiple (Enter ids) if you have a word document with ids or want to type in each animal id
- Select Multiple (CSV, CR-LF) if you have a file with one form of animal id that you want to upload
- Select Multiple (Sequential Ids) if you have a group of animals that are identified sequentially

- Selecting Individual Animal will give you one animal data entry screen to enter animal details.

- When data is entered click create and return.

- Selecting Create Group will give you the one animal data entry screen to enter animal details for the entire group. You will also enter the number of animals in the group.
- When data is entered click create and return.

Create and Return

Cancel

# If you select Multiple (Enter ids)

**I want to...**

These actions will apply to the list of animals below.

Define new animal

Individual

Group

Multiple (Enter Ids)

Multiple (CSV, CR-LF)

Multiple (Sequential Ids)

ID Type: \* Choose Type

Manual Input: \*

Apply

1. Select your ID Type
2. In put your id values either by directly typing into the input box or cutting and pasting from a document into the box.
3. Select Apply

Note the number of animals created depends on the number of IDs entered.

# If you select Multiple (Enter ids)

Provide information for the animal having the first ID then click **Save** to create all of the animals using the same information.

1. Enter data into the same animal details screen.

\*Note animal information for the first animal will be applied to the rest of the animals.

The screenshot displays a web-based form for entering animal details. The form is organized into several sections:

- Animal Information:** Contains dropdown menus for 'Animal Classification' (set to 'Livestock'), 'Animal Breed' (set to 'Select Breed'), and 'Animal Gender' (set to 'Select Gender'). There is a text input for 'Number of Animals' and a 'Remarks' text area.
- Animal Identification:** A vertical list of input fields for various tags: 'Back Tag', 'Canadian Metal Tag', 'Ear Tattoo', 'MX Tag', 'Other', 'Owner Eartag', 'RFID', 'Registration #', 'Spayed Tag', 'TB Tag', 'USDA Bangle Tag', 'USDA Metal Tag', and 'USDA Vaccination Tag'.
- Owner:** A section with input fields for 'BusinessName', 'FirstName' (filled with 'Jim'), 'LastName' (filled with 'Harold'), 'Address1' (filled with '34 West Creek'), 'Address2', 'City' (filled with 'Wellington'), and a state dropdown menu (set to 'Alaska').
- Location:** A section with input fields for 'BusinessName', 'FirstName' (filled with 'Jim'), 'LastName' (filled with 'Harold'), 'Address1' (filled with '34 West Creek'), 'Address2', 'City' (filled with 'Wellington'), and a state dropdown menu (set to 'Alaska').

Below the form, there are two buttons: 'Create and Return' and 'Cancel'. A 'Copy ->' button is also visible between the Owner and Location sections.

# Multiple (CSV, CR-LF)

**I want to...**  
These actions will apply to the list of animals below.

Individual  
 Group  
 Multiple (Enter Ids)  
 Multiple (CSV, CR-LF)  
 Multiple (Sequential Ids)

ID Type: \*

File (CSV, CR-LF): \*

1. Select your ID Type

2. Upload your id values by browsing for your file

3. Select Apply

\* Note the number of animals created depends on the number of IDs entered.

# Multiple (CSV, CR-LF)

Provide information for the animal having the first ID then click **Save** to create all of the animals using the same information.

1. Enter data into the same animal details screen.

\*Note animal information for the first animal will be applied to the rest of the animals.

The screenshot shows a web-based form for animal registration. At the top, a yellow banner contains the instruction: "Provide information for the animal having the first ID then click **Save** to create all of the animals using the same information." Below this, the form is divided into several sections:

- Animal Information** (top left): Includes dropdowns for "Animal Classification" (set to "Livestock"), "Animal Breed" (set to "Select Breed"), "Number of Animals" (text input), and "Animal Gender" (set to "Select Gender"). There is also a "Remarks" text area.
- Animal Identification** (top right): A vertical list of input fields for various tags: "Back Tag", "Canadian Metal Tag", "Ear Tattoo", "MX Tag", "Other", "Owner Ear tag", "RFID", "Registration #", "Spayed Tag", "TB Tag", "USDA Bangle Tag", "USDA Metal Tag", and "USDA Vaccination Tag".
- Owner** (bottom left): Fields for "BusinessName", "FirstName" (filled with "Jim"), "LastName" (filled with "Harold"), "Address1" (filled with "34 West Creek"), "Address2", "City" (filled with "Wellington"), and a state dropdown menu (set to "Alaska").
- Location** (bottom right): A duplicate of the Owner section, with a note above it: "Location (below) is the permanent physical location of the animal(s)".

A "Copy ->" button is positioned between the Owner and Location sections. At the bottom of the form are two buttons: "Create and Return" and "Cancel".
