DRAFT

August, 2011	
<provider info="" practice=""></provider>	
Dear <title name="">:</td><td></td></tr><tr><td colspan=2>We are writing to notify you of the launch of the National Children's Study (NCS) Worcester County field activities and to invite your collaboration in this historic NIH-funded local and nation-wide research study.</td></tr><tr><td>The NCS is a ground-breaking longitudinal study led by the Eunice Kennedy Shriv
Health and Human Development of the National Institutes of Health. Worcester
counties selected as study sites, with UMass Medical School as the local research</td><td>County is one of just 100 U.S.</td></tr><tr><td>The NCS aims to better understand the influence of <u>prenatal</u> and childhood enviewents on lifelong health, development and disease, by recruiting a minimum of them through pregnancy, delivery and the first 21 years of the child's life. More the NCS is available at <u>www.nationalchildrensstudy.gov</u>.</td><td>100,000 women and following</td></tr><tr><td>In Worcester County, we are now piloting a recruitment strategy for engaging providers. We are very interested in exploring the possibility of partnering with the study. To open this dialogue, we hope you may:</td><td>ership with local pre-natal care</td></tr><tr><td> Complete the enclosed <u>brief survey</u> (return fax to 508-856-2566 or mail
the address above) and </td><td>to NCS-Worcester County at</td></tr><tr><td> Allow us to make personal contact with you to learn more about your pr
possibility of making the NCS available to your eligible patients. </td><td>ractice and to further discuss the</td></tr><tr><td>Worcester County health providers and residents have much to offer to this critic you for considering your own potential role. We will be in contact with your officient to speak or meet with you. Or, please feel free to contact us directly at 508</td><td>ce in the near future to schedule</td></tr><tr><td>Respectfully,</td><td></td></tr><tr><td>Study Center PI Title, etc.</td><td>Co-signer as relevant
Title, etc.</td></tr></tbody></table></title>
