[Next](#)

Welcome to the Sister Study Annual Health Update. This update takes about 10 minutes to complete. Any information you provide will be [kept confidential](#). Our first few questions are for security purposes.

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0522).

Sister Study Triennial Update Frequently Asked Questions

Welcome to the help page for the Sister Study Triennial Update. Simply click on the question you would like to see more information on. When you have found your answer, click on BACK TO TOP to see more options, or close the browser.

[How do I make the text bigger?](#)

[Why is the survey not starting?](#)

[How do I change answers I gave earlier in the survey?](#)

[What if I don't know the dates of my diagnoses or answers to other questions?](#)

[What if I don't want to answer a question?](#)

[What if I need to take a break or close the questionnaire before I have completed it?](#)

[The survey asked me to launch again. Why do I have to do this?](#)

[How can I learn more and have my questions answered?](#)

How do I make the text bigger?
There are two ways to make the text larger. You can hold the control key ("Ctrl") and scroll up with your mouse, OR you can select "View" then "Text Size" and select either "Larger" or "Largest."

[BACK TO TOP](#)

Why is the survey not starting?
The most common reason is a pop-up blocker. To turn off most pop-up blockers, right click on the area just below the address bar of your Internet browser. Then click "Allow pop-ups from this site." Another way to bypass a pop-up blocker is to hold the control key while clicking the "Start" button.

Questionnaire Privacy Policy

General Information

This questionnaire will ask you some questions about changes in your health and contact information. If you choose to answer the questions, we will protect the confidentiality of this information. Your name and other identifying information will not be revealed in any publication. In addition, we will use this information only for research purposes.

If your web browser uses SSL (secure sockets layer), your responses to this questionnaire are automatically encrypted. This means your answers cannot be read over the Internet by a third party. SSL is included in recent versions of Internet Explorer, Firefox, Safari, Chrome, and other web browsers. You will see an icon of a **closed** lock somewhere in the window of the browser. For example, the "lock" icon may be displayed in the address bar, or in the lower-right or lower-left corner of the browser window. If you don't already have an SSL enabled browser, you can download one from the links below:

[Download Internet Explorer](#)

[Download Safari](#)

While we take every necessary administrative and technical precaution to secure this questionnaire and prevent unauthorized parties from accessing or interfering with our files, we cannot assure that such tampering will not occur.

Web Information

Any information that we have the capability of collecting automatically (such as visitor's Internet domains, IP addresses, or visitor count) will be used for internal tracking purposes only.

Use of Cookies

This questionnaire uses cookies for authentication purposes only. We do NOT store any personal or identifying information in cookies.

Favorites Sister Study - Annual Health Update OMB: 0925-0522

We will send you an update like this every year. Every 2-3 years, we will also include a questionnaire with more detailed questions about your health and new questions about your environment.

You can update us with your health and contact information at any time by sending an email to update@sisterstudy.org or by calling the Sister Study helpdesk toll-free at 1-877-4SISTER (1-877-474-7837). Also, please email or call if you would like to provide comments or updates on other topics we did not ask about this year. You can always visit our website at www.sisterstudy.org for more news about the Sister Study. Thank you again for your ongoing contribution to this important research.

Woman by woman...Sister by sister...We can make a difference!

Questionnaire Privacy Policy

General Information

This questionnaire will ask you some questions about changes in your health and contact information. If you choose to answer the questions, we will protect the confidentiality of this information. Your name and other identifying information will not be revealed in any publication. In addition, we will use this information only for research purposes.

If your web browser uses SSL (secure sockets layer), your responses to this questionnaire are automatically encrypted. This means your answers cannot be read over the Internet by a third party. SSL is included in recent versions of Internet Explorer, Firefox, Safari, Chrome, and other web browsers. You will see an icon of a **closed** lock somewhere in the window of the browser. For example, the "lock" icon may be displayed in the address bar, or in the lower-right or lower-left corner of the browser window. If you don't already have an SSL enabled browser, you can download one from the links below:

[Download Internet Explorer](#)

[Download Safari](#)

While we take every necessary administrative and technical precaution to secure this questionnaire and prevent unauthorized parties from accessing or interfering with our files, we cannot assure that such tampering will not occur.

Web Information

Any information that we have the capability of collecting automatically (such as visitor's Internet domains, IP addresses, or visitor count) will be used for internal tracking purposes only.

Use of Cookies

This questionnaire uses cookies for authentication purposes only. We do NOT store any personal or identifying information in cookies.

Sister Study Triennial Update Frequently Asked Questions

Welcome to the help page for the Sister Study Triennial Update. Simply click on the question you would like to see more information on. When you have found your answer, click on BACK TO TOP to see more options, or close the browser.

[How do I make the text bigger?](#)

[Why is the survey not starting?](#)

[How do I change answers I gave earlier in the survey?](#)

[What if I don't know the dates of my diagnoses or answers to other questions?](#)

[What if I don't want to answer a question?](#)

[What if I need to take a break or close the questionnaire before I have completed it?](#)

[The survey asked me to launch again. Why do I have to do this?](#)

[How can I learn more and have my questions answered?](#)

How do I make the text bigger?

There are two ways to make the text larger. You can hold the control key ("Ctrl") and scroll up with your mouse, OR you can select "View" then "Text Size" and select either "Larger" or "Largest."

[BACK TO TOP](#)

Why is the survey not starting?

The most common reason is a pop-up blocker. To turn off most pop-up blockers, right click on the area just below the address bar of your Internet browser. Then click "Allow pop-ups from this site." Another way to bypass a pop-up blocker is to hold the control key while clicking the "Start" button.

[Next](#)[Previous](#)

Thank you for agreeing to complete the 2012 Sister Study Follow-Up Questionnaires.

Before you continue, we would like to remind you that all information collected will be kept confidential and that your participation in the Sister Study is completely voluntary. As you move through each questionnaire, remember that you may choose to skip questions or stop at any time.

General Instructions:

- Use the "Next" and "Previous" buttons at the top and bottom of each page. **Do not use the back button** on your browser.
- If you want to quit and come back later, you may close the survey by closing your browser tab or pop-up window. The answers you provided up to that point are saved. When you are ready to continue, click the link for the questionnaire and click "Start" to begin from the point you left off.
- For technical assistance or if you have any questions about the Sister Study or this follow-up, please call the Sister Study helpdesk toll-free at 1-877-4SISTER (1-877-474-7837) or email us at update@sisterstudy.org.

Your continued participation in the Sister Study is completely voluntary and greatly appreciated. If you are not comfortable answering a question, just skip it and go to the next one. All information you share will be [kept confidential](#).

Please mark the category that best describes your response. There are no right or wrong answers. Try not to let your response to one statement influence your responses to other statements. Answer according to your own feelings, rather than how you think "most people" would answer. Don't take too long thinking over your replies; your immediate reaction will probably be more accurate than a long thought out response.

Public reporting burden for this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0522).
