Here are some questions about bullying. We say someone is **BEING BULLIED** when someone else, or a group of people, say or do nasty and unpleasant things to him or her. It is also bullying when someone is teased repeatedly in a way he or she does not like or when he or she is deliberately left out of things. But it is **NOT BULLYING** when two people of about the same strength or power argue or fight. It is also <u>not</u> bullying when someone is teased in a friendly or playful way.
