

2013 CMS Data Submission Specifications Errors and Edits for Body Section

	This document provides errors and edits pertinent to the body section of the QRDA files. For these errors and edits to work properly, it is assumed that the QRDA files are VALID CDA release 2 files.

2013 CMS Data Submission Specifications Errors and Edits for Body Section

Measure Set							
Error Code	Reference to CMS QRDA Data Submission Spec	CMS QRDA Data Element	Validation Criteria	Report Error Message	Optionality	Action	NOTES
12002	CONF-QRDA1-114	clinicalDocument/component/structuredBody/component/section	measure set 'section' is present once with invalid or missing section/code; measure set 'section' is present multiple times with a valid section/code	The Measure Set section SHALL be present exactly once in the QRDA Report.	Required	Error	
12004	CONF-QRDA1-116	clinicalDocument/component/structuredBody/component/section/templated	Measure Set section SHALL contain a 'templated' uniquely identifying the Measure Set from Appendix_AJ-Custom_Template_IDs of the Downloadable Resource table	The Measure Set section SHALL contain a 'templated' from Appendix_AJ-Custom_Template_IDs of the Downloadable Resource table to identify a Measure Set.	Required	Error	
12008	CONF-QRDA1-119	clinicalDocument/component/structuredBody/component/section[code/@code='55185-3']/title	Measure Set section 'title' is missing.	Measure Set section title element SHALL be present.	Required	Error	
12009	CONF-QRDA1-119	clinicalDocument/component/structuredBody/component/section[code/@code='55185-3']/title	Measure Set section SHALL be valued with section 'title' with a case-insensitive, text string containing Measure Set: CMS EHR Measure Set	Measure Set section title value SHALL be in the format specified.	Required	Error	
12010	CONF-QRDA1-121	clinicalDocument/component/structuredBody/component/section[code/@code='55185-3']/component/section[code/@code='55186-1']/ templated	The nested Measure section SHALL contain at least one measure that belongs to the measure set containing at least one 'templated' from Appendix_AJ-Custom_Template_IDs of the Downloadable Resource table to identify measure(s). The nested Measure section 'code' value SHALL be '55186-1' with 'codeSystem' value '2.16.840.1.113883.6.1'	The nested Measure section SHALL contain at least one measure that belongs to the measure set containing at least one 'templated' from Appendix_AJ-Custom_Template_IDs of the Downloadable Resource table to identify measure(s). The nested Measure section 'code' value SHALL be '55186-1' with 'codeSystem' value '2.16.840.1.113883.6.1'.	Required	Error	
12011	CONF-QRDA1-116	clinicalDocument/component/structuredBody/component/section[code/@code='55185-3']/templated	measure set 'templated' element is present once with invalid or missing templated; measure set 'templated' is present multiple times with a valid templated.	The measure set 'templated' element SHALL be submitted exactly once.	Required	Error
