

Training and Technical Assistance

The contracts for the Office of Head Start's (OHS) current State Training and Technical Assistance (T/TA) System will come to an end in 2015. OHS intends to procure 12 regional contracts and as part of that process, the OHS is soliciting input from grantees regarding the content areas they would like the new T/TA System to address. Please consult others in your program before you complete this questionnaire as only one response from each program director will be considered. Responses must be submitted within 30 days from the date you receive this survey. At the end of the 30 day response period responses will be aggregated. The OHS will use the results of this survey as part of the T/TA redesign process.
