# Plant and animal observing

1. Select a site
2. Select plant and animal species
3. Select individual plants
4. Mark your site and plants
5. Record your observations of animals
6. Record your observations of plants
7. Report your data online

The logo features a brown spiral-bound notebook tilted to the right. The words "nature's" and "notebook" are written in a brown, sans-serif font across the notebook. The letter 'e' in "nature's" has two small green leaves above it. A small yellow bird is perched on the top of the letter 'o' in "notebook".
