The Applicant hereby expressly acknowledges and agrees as follows:

1. General

The body armor model identified on the previous page shall be manufactured only at the locations identified here. All of these locations use the same quality management system and report to a single corporate management system.

Any additions to (New) manufacturing locations shall be communicated to the NIJ CTP prior to implementation.

Any other changes to (Withdrawn) manufacturing locations shall be communicated to the NIJ CTP as soon as possible.

Failure of the applicant to provide current and accurate information concerning manufacturing locations could result in unnecessary costs to the applicant in the form of unnecessary surveillance (Follow-up Inspection and Testing, or FIT) charges.

The point of contact (and alternate) for each location should be available on site and prepared to escort the inspection representative.

2. Access to Manufacturing Locations for Surveillance Activities (Follow-up Inspection and Testing)

The Applicant expressly acknowledges and agrees that full, safe and secure access shall be provided to NIJ CTP staff, representatives, their agents or designees, either announced or unannounced, for all manufacturing facilities and/or storage facilities, records and personnel used in the manufacture of models of equipment identified in this document. This includes the selection and removal of production samples from manufacturing facilities at the Applicant's expense for the purposes of surveillance (FIT).

Applicant is free to verify NIJ CTP staff, representatives, their agents or designees meet any U.S. Persons requirements (citizenship, Green Card Status) applied to its own employees prior to their entry. It is the applicant's responsibility to communicate the manufacturing locations requirements to the NIJ CTP prior to the first inspection in order to avoid unnecessary costs to the applicant in the form of an incomplete or canceled inspection

3. Subcontracting

The Applicant agrees that the NIJ CTP may subcontract surveillance activities to third parties. The Applicant authorizes the NIJ CTP to disclose to the subcontractor any information necessary for such performance of the inspection by the subcontractor. The NIJ CTP shall provide as a term of any such subcontract that the subcontractor shall meet the NIJ CTP's current qualification requirements for accreditation, conflicts of interest and ethical standards.

The relationship between an NIJ CTP designated subcontractor and the Applicant may be governed by a separate agreement. Failure to execute an agreement required by an NIJ CTP-designated subcontractor shall be viewed as a failure of the Applicant to satisfactorily participate in the NIJ CTP and could result in the removal of the Applicant from the program.
