## CONSUMER EXPENDITURE DIARY SURVEY

Close About the Survey

**What is the Consumer Expenditure Survey?**

The Consumer Expenditure Survey collects information from the Nation's households and families on their buying habits (expenditures), income, and household characteristics. The strength of the survey is that it allows data users to relate the expenditures and income of consumers to the characteristics of those consumers. The survey consists of two components, a quarterly Interview Survey and a weekly Diary Survey, each with its own questionnaire and sample.

In the Diary Survey, respondents are asked to keep track of all their purchases made each day for two consecutive 1-week periods. For more information on the CE Surveys, visit the CE website at [www.bls.gov/ced](http://www.bls.gov/ced).

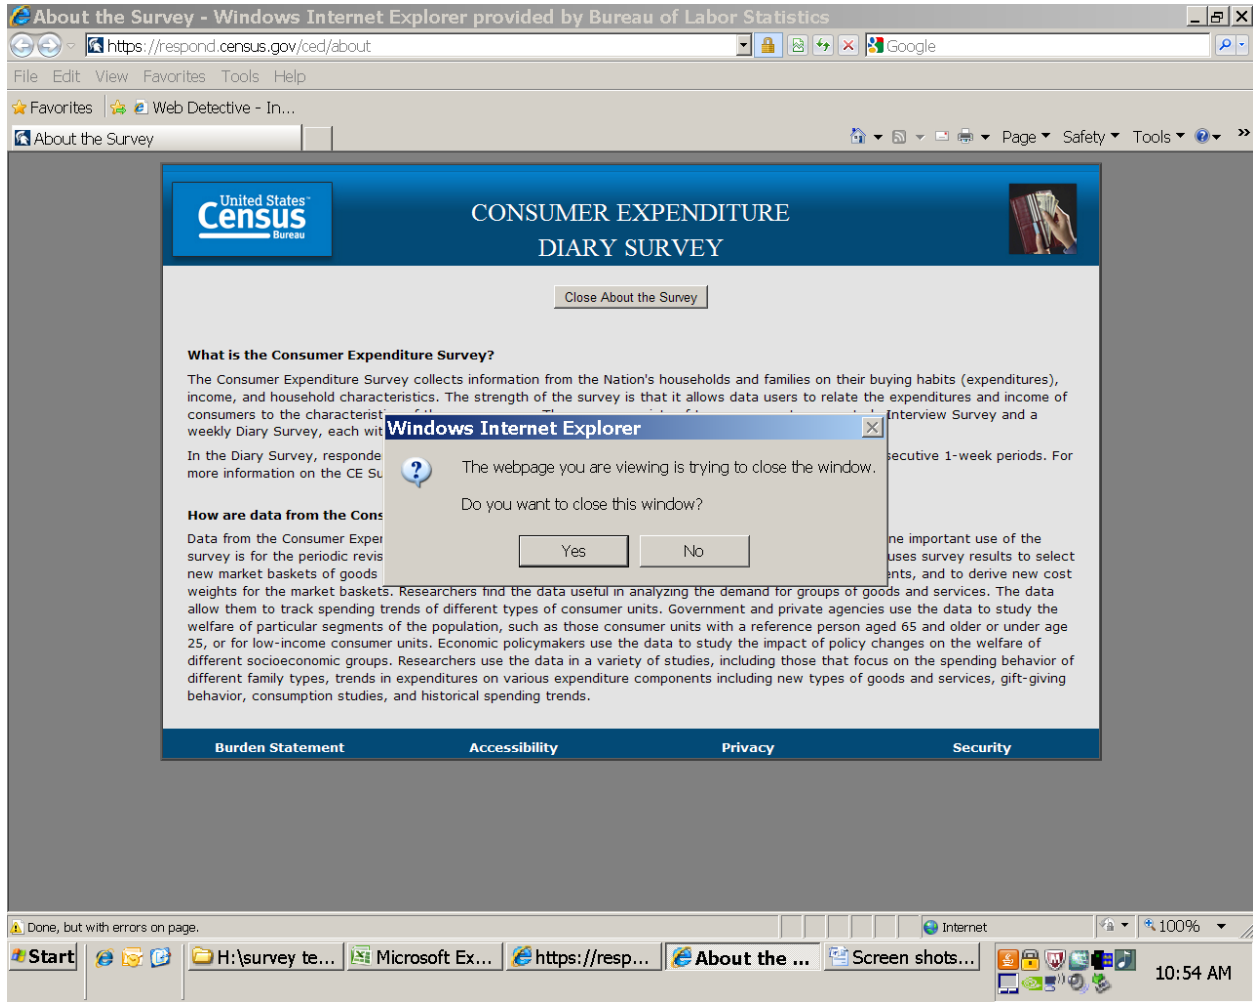

**How are data from the Consumer Expenditure Survey used?**

Data from the Consumer Expenditure Survey are used in a number of different ways by a variety of users. One important use of the survey is for the periodic revision of the Bureau of Labor Statistics Consumer Price Index (CPI). The Bureau uses survey results to select new market baskets of goods and services for the CPI, to determine the relative importance of CPI components, and to derive new cost weights for the market baskets. Researchers find the data useful in analyzing the demand for groups of goods and services. The data allow them to track spending trends of different types of consumer units. Government and private agencies use the data to study the welfare of particular segments of the population, such as those consumer units with a reference person aged 65 and older or under age 25, or for low-income consumer units. Economic policymakers use the data to study the impact of policy changes on the welfare of different socioeconomic groups. Researchers use the data in a variety of studies, including those that focus on the spending behavior of different family types, trends in expenditures on various expenditure components including new types of goods and services, gift-giving behavior, consumption studies, and historical spending trends.

### General Instructions

Complete this diary for an entire two-week period, enter EVERYTHING you and the people on your list spend money on each day - the products you buy, the services you use, the household expenses you have during the week - no matter how large or small they are. We recommend that you record your expenses each day. Think about where you went and what you've done.

Talk to the people on your list everyday to find out how they spent their money.

Include payments by:

Cash	Credit/Debit Card	Automatic Withdrawal/Payroll Deduction
Check	Money Order	Store Charge Card
Food Stamps	WIC Voucher	Grocery Certificate

Keep receipts and other records so that you will remember to record what you bought or paid for.

Some record types include:

Receipts	Bank Statements	Catalog/Internet Order Invoices
Utility Bills	Telephone Bills	Credit Card Statements
Pay Stubs		

Include items that you bought for people who are not on your list, such as gifts.

**DO NOT RECORD:**

- Expenses of people on your list while they were away from home overnight.
- Business or farm operating expenses

## How to Complete Your Diary

Enter each item in the appropriate section for each day.

**These are the 4 sections of the diary:**

- 1. Food and Drinks Away from Home**
  - Select one of the four choices that best describes the type of meal and describe briefly.
  - Select one of the four choices that best describes where you made the purchase.
  - Enter the total cost with tax and tip.
  - If alcohol was part of the purchase, check whether it was wine, beer, and/or other alcohol and enter the total cost of the alcohol.
- 2. Food and Drinks for Home Consumption**
  - Describe the item by typing in the item description.
  - Select whether the item was fresh, frozen, bottled/canned, or other.
  - Enter the cost without tax and deduct any discounts or coupons.
  - Check the last column if the item was purchased for someone not on your list (e.g. gifts).
- 3. Clothing, Shoes, Jewelry, and Accessories**
  - Describe the item and enter the cost without tax.
  - Select the appropriate sex and age range of the person for whom the item was bought.
  - Check the last column if the item was purchased for someone not on your list (e.g. gifts).
- 4. All Other Products, Services, and Expenses**
  - Describe the item and enter the total cost without tax.
  - Check the last column if the item was purchased for someone not on your list (e.g. gifts).

## Web Diary Examples

- 1. Food and Drinks Away from Home**
  - Fast Food, Take-out, Delivery, Concession
  - Full Service Places (you pay AFTER you eat/drink)
  - Vending Machines or Mobile Vendors (include vending machines, carts, & trucks that move from place to place)

### Frequently Asked Questions

- 1. How detailed should my descriptions be?**  
Examples for how to record expenses can be found here in the Web Diary instructions. You may go to the top of this webpage and click on the link for Web Diary Examples, or use your mouse to scroll up directly to the Web Diary Examples.
- 2. How should I record multiple quantities?**  
If the items are identical, you can combine them on the same line and enter the total cost of all the items.
- 3. How should I record pre-payments such as a subway fare card?**  
Record the expense when you pay for it, not when you use it.
- 4. How should I record credit card purchases?**  
Record the individual expense on the day that you use your credit card to pay for something, not on the day you pay your entire credit card bill.
- 5. Should I record automatic deductions taken from my paycheck or bank account?**  
Yes, record automatic deductions (such as health insurance premiums taken out of your account or paycheck) only if they are deducted that week. Include them in the section called All Other Products, Services, and Expenses (Section 4).
- 6. Should I record typical monthly bills?**  
Yes, record typical monthly bills only if you pay them during the week(s) that you have the diary. Include them in the section called All Other Products, Services, and Expenses (Section 4).
- 7. What should I do when I use coupons, discount cards, or loyalty cards?**  
Subtract the discount from the original price and include the amount that you paid.
- 8. Can I just give you receipts instead of entering the information in the Web Diary?**  
No, we need you to actually enter the information in the diary in order for us to capture your information. However, we encourage you to save your receipts to review them at the end of the week and record any missed items if necessary.
- 9. How should I record items if I don't know whether it includes tax?**  
Record the amount paid.
- 10. What if I make a contribution or charitable donation?**  
Record money contributions or donations in the section called All Other Products, Services, and Expenses (Section 4).
- 11. What about gift certificates or gift cards?**  
If you buy a gift certificate to give to someone, write down the cost of it under the appropriate section (e.g. a certificate to a clothing store would go under Clothing, Shoes, Jewelry, and Accessories (Section 3) and a certificate to a department store would go under All Other Products, Services, and Expenses (Section 4)). If you buy something using a gift card, enter the full amount for your purchase ignoring the gift card.
- 12. What do I do about returns & exchanges?**  
If an item is bought and returned during the diary week, it can be deleted or cleared from the expense row. If it was bought outside the week and returned during the week, do not make an entry. If an item is exchanged during the week, simply change the entry. If the new cost is different, delete the old cost and enter the new cost.
- 13. Should I record subsidized/reimbursed expenses?**  
Yes, but if someone not on your list pays for or helps pay for an expense or if you will be reimbursed for an expense, only record any

### About Data Protection and Privacy

As the nation's largest statistical agency, our website provides a vital national resource. These pages contain a wealth of statistical information about the nation's people and its economy — information that is used by the general public and researchers, as well as federal, state, and local governments, in making important decisions. Our website also provides information about the surveys we conduct and the information that is available.

We are committed to handling your information responsibly and with respect. This commitment applies to the individuals, households, and businesses that answer our surveys, and to those browsing our website.

### Data are Encrypted at all Times

Our secure servers use "HTTPS", Hypertext Transfer Protocol over Secure Socket Layer, to ensure the encrypted transmission of data between your browser and the U.S. Census Bureau. This means that instead of sending readable text over the Internet, both your browser and our server encode (scramble) all text using a security key. That way, personal data sent to your browser or data you send back are extremely difficult to decode in the unlikely event it was intercepted by an unauthorized party.

All browsers connecting to our secure server must use a minimum encryption key size of 128 bits. If you cannot connect to our secure server and you are using an older browser, please upgrade to a newer browser capable of using the required encryption key size. In addition to data being encrypted while transmitted, all data are strongly encrypted when stored on our servers (even if stored temporarily).

### Third Party Identity Proofing

Our secure server uses a digital certificate (digital ID) issued by a trusted, third party Certificate Authority (CA) as proof of identity. The only way to be sure of a web site's authenticity is to view their digital ID. In this way, you can be assured that you are not being "spoofed" or tricked by an imposter. The digital ID will contain information such as:

- The name of the organization that owns the web site (e.g., "U.S. Census Bureau")
- The site's registered Internet name/address (e.g., "respond.census.gov")
- The name of the Certification Authority under which the digital ID was issued (e.g., "VeriSign Trust Network")

The method for viewing a web site's Digital Certificate/ID varies depending on the web browser. (For example, Mozilla's Firefox will display a clickable locked padlock icon in the lower right corner of your screen when in secure mode, Microsoft Internet Explorer shows a clickable locked padlock icon in the menu bar.) Please see your browser's "help" information for instructions on how to verify a web site's identity.

The screenshot shows a Windows Internet Explorer browser window. The title bar reads "Login - Windows Internet Explorer provided by Bureau of Labor Statistics". The address bar shows the URL "https://respond.census.gov/ced". The browser's menu bar includes "File", "Edit", "View", "Favorites", "Tools", and "Help". The address bar also contains "Favorites", "Web Detective - In...", and "Login". The main content area features the "United States Census Bureau" logo on the left and the title "CONSUMER EXPENDITURE DIARY SURVEY" in the center. A red banner below the title states "You have been logged out.". Below this is a "Login" section with instructions: "Login by entering the appropriate information and click the 'Login' button" and "Username and Password are case sensitive". It includes input fields for "Username:" and "Password:", each with a "Forgot" link. A "Login" button is positioned below the fields. A note below the login section states: "Please note: sessions will expire (requiring you to log back in) after 15 minutes of inactivity. No data will be lost." A warning box below the note reads: "\*\* WARNING \*\* You have accessed a UNITED STATES GOVERNMENT computer. Use of this computer without authorization or for purposes for which authorization has not been extended is a violation of Federal law and can be punished with fines or imprisonment (PUBLIC LAW 99-474). System usage may be monitored, recorded, and subject to audit. Use of this system indicates consent to monitoring and recording." At the bottom of the content area, there are links for "Burden Statement", "Accessibility", "Privacy", and "Security". The browser's status bar at the bottom shows "Done", "Internet", and "100%". The Windows taskbar at the very bottom displays the Start button, several open applications (including "H:\survey te...", "Microsoft Ex...", "Login - Wi...", and "Screen shots..."), and the system tray with the time "10:58 AM".
