Re: Notice 2009-26, Build America Bonds and Direct Payment Subsidy Implementation

1. CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION

Section 1531 of Division B of the American Recovery and Reinvestment Act of 2009 (Recovery Act) added new section 54AA to the Internal Revenue Code which provides State and local governments with the option to issue taxable "Build America Bonds" to finance governmental purposes. Issuers of these bonds can elect to receive a refundable credit from the Federal government equal to a percentage of the interest payable on these bonds on each interest payment date. We are asking State and local governmental issuers of Build America Bonds to report the issuance of the bonds on an existing IRS form 8038-G and to provide debt service schedules that show the expected dates and amounts of interest that the issuers expect to receive from the Federal government over the life of the bonds.

2. USE OF DATA

The information that is collected will be used to provide an estimate of the payments that the Federal government will be required to make over the life of the bonds.

3. USE OF IMPROVED INFORMATION TECHNOLOGY TO REDUCE BURDEN

There are no plans to provide electronic filing because electronic filing is not appropriate for the collection of information in this submission.

4. EFFORTS TO IDENTIFY DUPLICATION

We have attempted to eliminate duplication within the agency wherever possible.

5. METHODS TO MINIMIZE BURDEN ON SMALL BUSINESSES OR OTHER SMALL ENTITIES

Not applicable.

6. CONSEQUENCES OF LESS FREQUENT COLLECTION ON FEDERAL PROGRAMS OR POLICY ACTIVITIES

Not applicable.

7. **SPECIAL CIRCUMSTANCES REQUIRING DATA COLLECTION TO BE INCONSISTENT WITH GUIDELINES IN 5 CFR 1320.5(d)(2)**

Not applicable.

8. **CONSULTATION WITH INDIVIDUALS OUTSIDE OF THE AGENCY ON AVAILABILITY OF DATA, FREQUENCY OF COLLECTION, CLARITY OF INSTRUCTIONS AND FORMS, AND DATA ELEMENTS**

This Notice was published in the Internal Revenue Bulletin on April 20, 2009 on page 833.

We received no comments during the comment period in response to the **Federal Register** notice dated September 27, 2012(77 FR 59454).

9. **EXPLANATION OF DECISION TO PROVIDE ANY PAYMENT OR GIFT TO RESPONDENTS**

Not applicable.

10. **ASSURANCE OF CONFIDENTIALITY OF RESPONSES**

Generally, tax returns and tax return information are confidential as required by 26 USC 6103.

11. **JUSTIFICATION OF SENSITIVE QUESTIONS**

Not applicable.

12. **ESTIMATED BURDEN OF INFORMATION COLLECTION**

The Notice requests issuers of Build America Bonds to report the issuance of the bonds on an existing IRS Form 8038-G and to attach debt service schedules if issuers elect to receive direct payments of the refundable credit from the Federal government.

We estimate the total number of respondents to be 1,000 and the total annual responses to be 5,000.

We estimate it will take 3 hours to comply, with a total burden of 15,000 hours.

Estimates of the annualized cost to respondents for the hour burdens shown are not available at this time.

13. ESTIMATED TOTAL ANNUAL COST BURDEN TO RESPONDENTS

As suggested by OMB, our **Federal Register** notice dated September 27, 2012, requested public comments on estimates of cost burden that are not captured in the estimates of burden hours, i.e., estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. However, we did not receive any response from taxpayers on this subject. As a result, estimates of the cost burdens are not available at this time.

14. ESTIMATED ANNUALIZED COST TO THE FEDERAL GOVERNMENT

Not applicable.

15. REASONS FOR CHANGE IN BURDEN

There were no changes made to the document that resulted in any change to the burden previously reported to OMB.

We are making this submission to renew the OMB approval.

16. PLANS FOR TABULATION, STATISTICAL ANALYSIS AND PUBLICATION

Not applicable.

17. REASONS WHY DISPLAYING THE OMB EXPIRATION DATE IS INAPPROPRIATE

We believe that displaying the OMB expiration date is inappropriate because it could cause confusion by leading taxpayers to believe that the regulations sunset as of the expiration date. Taxpayers are not likely to be aware that the Service intends to request renewal of the OMB approval and obtain a new expiration date before the old one expires.

18. EXCEPTIONS TO THE CERTIFICATION STATEMENT ON OMB FORM 83-I

Not applicable.

Note: The following paragraph applies to all of the collections of information in this submission:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

OMB EXPIRATION DATE

We believe the public interest will be better served by not printing an expiration date on the form(s) in this package.

Printing the expiration date on the form will result in increased costs because of the need to replace inventories that become obsolete by passage of the expiration date each time OMB approval is renewed. Without printing the expiration date, supplies of the form could continue to be used.

The time period during which the current edition of the form(s) in this package will continue to be usable cannot be predicted. It could easily span several cycles of review and OMB clearance renewal. In addition, usage fluctuates unpredictably. This makes it necessary to maintain a substantial inventory of forms in the supply line at all times. This includes supplies owned by both the Government and the public. Reprinting of the form cannot be reliably scheduled to coincide with an OMB approval expiration date. This form may be privately printed by users at their own expense. Some businesses print complex and expensive marginally punched continuous versions, their expense, for use in their computers. The form may be printed by commercial printers and stocked for sale. In such cases, printing the expiration date on the form could result in extra costs to the users.

Not printing the expiration date on the form(s) will also avoid confusion among taxpayers who may have identical forms with different expiration dates in their possession.

For the above reasons we request authorization to omit printing the expiration date on the form(s) in this package.
