SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP) promotes and implements sound local floodplain management. Communities must adopt minimum floodplain management standards in order to participate in the NFIP and receive the benefits of flood insurance. The Community Rating System (CRS), codified in the National Flood Insurance Reform Act (NFIRA) of 1994 (Pub. L. 103-325, Sec. 541.) was designed by the Federal Emergency Management Agency (FEMA) to encourage communities to undertake activities that will mitigate flooding and flood damage beyond the minimum standards for NFIP participation. The CRS Program "CRS Coordinator's Manual" is the key primary explanatory document used by CRS communities. It provides detailed explanations of the program and its activities respondents (communities) will select activities to apply for and receive credit and community certifications so that proper credit is applied for each. Communities that receive these credits become eligible for flood insurance premium discounts.

Collection of Information

Title: Community Rating System (CRS) Program-Application Worksheets and Commentary.

Type of Information Collection: Revision of a currently approved information collection.

Form Titles and Numbers: FEMA Form 086-0-35, Community Rating System Application Letter of Interest and Quick Check Instructional; FEMA

086-0-35A, Community Rating System Community Certifications; FEMA form 086-0-35B, Environmental and Historic Preservation Certifications.

Abstract: The CRS Application Worksheet and Commentary are used by communities that participate in the National Flood Insurance Program's (NFIP) Community Rating System (CRS) to document the activities that communities have undertaken to mitigate against future flood losses. The CRS Application Worksheet and Commentary provide a step-by-step process for communities to follow in their effort to achieve the maximum amount of discount on flood insurance premiums. Community participation in CRS allows flood insurance costs to be reduced as a result of implementing floodplain management practices, such as building codes and public education activities. These practices reduce risks of flooding and promote purchase of flood insurance.

Notice of Neighborhood Stabilization Program; Closeout Requirements and Recapture

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This notice describes closeout requirements that apply to and additional regulations waived for grantees receiving grants under the three rounds of funding under the Neighborhood Stabilization Program.

DATES: *Effective Date:* November 27, 2012.

FOR FURTHER INFORMATION CONTACT: Stanley Gimont, Director, Office of Block Grant Assistance, Office of Community Planning and Development, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7286, Washington, DC 20410, telephone number 202-708-3587 (this is not a toll-free number). SUPPLEMENTARY INFORMATION:

Program Background and Purpose

The Neighborhood Stabilization Program (or NSP) was established by the Housing and Economic Recovery Act of 2008 (HERA) (Pub. L. 110-289, approved July 30, 2008), specifically Division B, Title III of HERA, for the purpose of stabilizing communities that have suffered from foreclosures and abandonment. As established by HERA, NSP provided grants to all states and selected local governments on a formula basis.

The American Recovery and Reinvestment Act of 2009 (Recovery Act) (Pub. L. 111-5, approved February 17, 2009) authorized additional NSP grants to be awarded to states, local governments, nonprofits and a

consortium of nonprofit entities, but on a competitive basis. The Recovery Act also authorized funding for national and local technical assistance providers to support NSP grantees.

The Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) (Pub. L. 111-203, approved July 21, 2010) authorized a third round of Neighborhood Stabilization grants to all states and select governments on a formula basis.

The purpose of the funds awarded under the three rounds of NSP is to target the stabilization of neighborhoods negatively affected by properties that have been foreclosed upon and abandoned. The notice, Notice of Formula Allocations and Program Requirements for Neighborhood Stabilization Program Formula Grants, published October 19, 2010 (75 FR 64322) ("Unified NSP Notice") provides further background for these programs, the program principles, and the objectives and outcomes of the NSP program. In addition, the Notice of Fund Availability (NOFA) for the Neighborhood Stabilization Program 2 under the American Recovery and Reinvestment Act, 2009, 74 FR 21377 (May 7, 2009), as amended by subsequent notices ("NSP2 NOFA"), includes requirements specific to the competitive round of funding under the Recovery Act.

The primary purpose of this notice is to revise requirements set forth in the Unified NSP Notice to provide the grant closeout framework for all three rounds of NSP by minimally adjusting the Community Development Block Grant (CDBG) closeout requirements (24 CFR 570.509). Following publication of this notice, HUD will update issued CDBG closeout guidance (CPD Notice 12-0004) to incorporate specific operating instructions for closeout of NSP grants. These instructions will create an NSP closeout process that is nearly identical to the CDBG closeout process and place both sets of instructions in a single document. This approach takes advantage of NSP grantee (and HUD field staff) familiarity with the CDBG closeout procedures because, by the time of grant closeout, almost every NSP grantee will have completed closeout of a CDBG Recovery Act grant.

Since this notice applies to grantees receiving grants under the three rounds of funding under the Neighborhood Stabilization Program, the terms NSP1, NSP2 or NSP3 are used to describe each of the three funding rounds. When referring to the grants, grantees, assisted activities, and implementation rules under HERA, this notice will use the term "NSP1." When referring to the
