FEDERAL ENERGY REGULATORY COMMISSION

Electricity Market Transparency Provisions of Section 220 of the Federal Power Act Docket No. RM10-12-000

Notice of Technical Conference

(November 9, 2012)

The Federal Energy Regulatory Commission staff will hold a one-day conference on Order No. 768.¹ The conference will be held on December 12, 2012, in the Commission Meeting Room at 888 First Street, NE, Washington, DC 20426.

There will be a morning session and an afternoon session. The public may attend. The conference will principally address satisfying the Electric Quarterly Reports (EQRs) reporting requirements. The conference will not address the merits of issues raised on rehearing of Order No. 768. Advance registration is not required but is encouraged. Please register at <https://www.ferc.gov/whats-new/registration/eqr-12-12-12-form.asp>.

The morning session will begin at 9:00 a.m. (EST) and is intended for new EQR filers who are not currently filing EQR reports. However, anyone may attend. FERC staff will provide introductory and background information about the EQR, including data fields that existed prior to Order No. 768. These data fields include information on seller names, customer names, contract data, transaction data, product type, quantity, and rate, among others.

The afternoon session will begin at 1:00 p.m. (EST). This session is intended for all EQR filers, including new filers, and will focus on refinements to the existing filing requirements as set forth in Order No. 768, including the new data fields. The requirements for these data fields will include (1) reporting the trade date and type of rate; (2) identifying the exchange used for a sales transaction, if applicable; (3) reporting whether a broker was used to consummate a transaction; (4) reporting electronic tag ID data; and (5) reporting standardized prices and quantities for energy, capacity, and booked out power transactions, among others.

A free webcast of the conference will be available through www.ferc.gov.
