## Instructions for the Certificate of Representation

**Note:** The Certificate of Representation information can be submitted online through the CAMD Business System (CBS) at <https://camd.epa.gov/cbs/index.cfm>. You must have a user ID and password. If you need a user ID and password, call Karen Van Sickel at (202) 343-9220 or Kirk Nabors at (202) 343-9171 or Paula Branch at (202) 343-9168. If you have questions about CBS, contact Laurel DeSantis at [desantis.laurel@epa.gov](mailto:desantis.laurel@epa.gov) or (202) 343-9191, or Alex Salpeter at [salpeter.alex@epa.gov](mailto:salpeter.alex@epa.gov) or (202) 343-9157.

Any reference in these instructions to the Designated Representative means the Acid Rain Designated Representative, the CAIR Designated Representative, and/or Transport Rule Designated Representative, as applicable. Any reference to the Alternate Designated Representative means the Alternate Acid Rain Designated Representative, the Alternate CAIR Designated Representative, and/or the Alternate Transport Rule Designated Representative, as applicable. As reflected in this form, the Acid Rain Designated Representative, the CAIR Designated Representative, and the Transport Rule Designated Representative for a facility (source) must be the same individual, and the Alternate Acid Rain Designated Representative, the Alternate CAIR Designated Representative, and the Alternate Transport Rule Designated Representative for a facility (source) must be the same individual.

Please type or print. Submit a separate page 2 for each unit subject to the Acid Rain Program, a CAIR Trading Program, or a Transport Rule Program at the facility (source), and indicate the page order and total number of pages (e.g., 1 of 4, 2 of 4, etc.) in the boxes in the upper right hand corner of page 2. **A Certificate of Representation amending an earlier submission supersedes the earlier submission in its entirety and must therefore always be complete.** Submit one Certificate of Representation form with original signature(s). **NO FIELDS SHOULD BE LEFT BLANK.** For assistance, contact Laurel DeSantis at [desantis.laurel@epa.gov](mailto:desantis.laurel@epa.gov) or (202) 343-9191.

### STEP 1

(i) A Plant Code is a 4 or 5 digit number assigned by the Department of Energy's (DOE) Energy Information Administration (EIA) to facilities that generate electricity. For older facilities, "Plant Code" is synonymous with "ORISPL" and "Facility" codes. If the facility generates electricity but no Plant Code has been assigned, or if there is uncertainty regarding what the Plant Code is, send an email to the EIA. The email address is [EIA-860@eia.gov](mailto:EIA-860@eia.gov). For facilities that do not produce electricity, use the facility identifier assigned by EPA (beginning with "88"). If the facility does not produce electricity and has not been assigned a facility identifier, contact Laurel DeSantis at [desantis.laurel@epa.gov](mailto:desantis.laurel@epa.gov) or (202) 343-9191.

(ii) Enter the latitude and longitude representing the location of the facility in degree decimal format.

Note that coordinates **MUST** be submitted in decimal degree format; in this format minutes and seconds are represented as a decimal fraction of one degree. Therefore, coordinates containing degrees, minutes, and seconds must first be converted using the formula:

$$\text{decimal degrees} = \text{degrees} + (\text{minutes} / 60) + (\text{seconds} / 3600)$$

Example:

39 degrees, 15 minutes, 25 seconds =  $39 + (15 / 60) + (25 / 3600) = 39.2569$  degrees

### STEPS 2 & 3

The Designated Representative and the Alternate Designated Representative must be individuals (i.e., natural persons) and cannot be a company. Enter the company name and address of the representative as it should appear on all correspondence. If an email address is provided, most correspondence will be emailed. **Although not required, EPA strongly encourages owners and operators to designate an Alternate Designated Representative to act on behalf of the Designated Representative.**

### STEP 4

(i) Complete one page for each unit subject to the Acid Rain Program, a CAIR Trading Program, or a Transport Rule Program, and indicate the program(s) to which the unit is subject. Identify each unit at the facility by providing the appropriate unit identification number, consistent with the identifiers used in previously submitted Certificates of Representation (if applicable) and with submissions made to DOE and/or EIA. Do not list duct burners. For new units without identification numbers, owners and operators must assign identifiers consistent with EIA and DOE requirements. Each submission to EPA that includes the unit identification number(s) (e.g., monitoring plans and quarterly reports) should reference those unit identification numbers in exactly the same way that they are referenced on the Certificate of Representation. Do not identify units that are not subject to the above-listed programs but are part of a common monitoring configuration with a unit that is subject to any of these programs. To identify units in a common monitoring configuration that are not subject to any of these programs, call the CAMD Hotline at (202) 343-9620, and leave a message under the “Continuous Emissions Monitoring” submenu.

(ii) Identify the type of unit using one of the following abbreviations:

<u>Boilers</u>	<u>Boilers</u>	<u>Turbines</u>
<b>AF</b> Arch-fired boiler	<b>OB</b> Other boiler	<b>CC</b> Combined cycle
<b>BFB</b> Bubbling fluidized bed boiler	<b>PFB</b> Pressurized fluidized bed boiler	<b>CT</b> Combustion turbine
<b>C</b> Cyclone boiler	<b>S</b> Stoker	<b>OT</b> Other turbine
<b>CB</b> Cell burner boiler	<b>T</b> Tangentially-fired boiler	<u>Others</u>
<b>CFB</b> Circulating fluidized bed boiler	<b>WBF</b> Wet bottom wall-fired boiler	<b>ICE</b> Internal combustion engine
<b>DB</b> Dry bottom wall-fired boiler	<b>WBT</b> Wet bottom turbo-fired boiler	<b>KLN</b> Cement kiln
<b>DTF</b> Dry bottom turbo-fired boiler	<b>WVF</b> Wet bottom vertically-fired boiler	<b>PRH</b> Refinery process heater
<b>DVF</b> Dry bottom vertically-fired boiler		

If there is uncertainty about how a unit should be characterized, contact Robert Miller at [miller.robertl@epa.gov](mailto:miller.robertl@epa.gov) or (202) 343-9077.

(iii) Indicate the source category description that most accurately describes the purpose for which the unit is operated by entering one of the following terms. If none of these descriptions applies to your unit, contact Robert Miller at [miller.robertl@epa.gov](mailto:miller.robertl@epa.gov) or (202) 343-9077.

Automotive Stampings	Industrial Boiler	Petroleum Refinery
Bulk Industrial Chemical	Industrial Turbine	Portland Cement Plant
Cement Manufacturing	Institutional	Pulp and Paper Mill
Cogeneration	Iron and Steel	Small Power Producer
Electric Utility	Municipal Waste Combustor	Theme Park

(iv) Provide the primary North American Industrial Classification System (NAICS) code that most accurately describes the business type for which the unit is operated. If unknown, go to <http://www.census.gov> for guidance on how to determine the proper NAICS code for the unit.

(v) Enter the date the unit began (or will begin) serving any generator producing electricity for sale, including test generation. Enter this date and check the "actual" box for any unit that has begun to serve a generator producing electricity for sale as of the date of submission of this form. (This information should be provided even if the unit does not currently serve a generator producing electricity for sale.) For any unit that will begin, but has not begun as of the date of submission of this form, to serve a generator producing electricity for sale, estimate the future date on which the unit will begin to produce electricity for sale and check the "projected" box. When the actual date is established, revise the form accordingly by entering the actual date and checking the "actual" box. Enter "NA" if the unit has not ever served, is not currently serving, and is not projected to serve, a generator that producing electricity for sale. **You are strongly encouraged to use the CAMD Business System to update information regarding when a unit begins serving a generator producing electricity for sale.**

If you have questions regarding this portion of the form, contact Robert Miller at [miller.robertl@epa.gov](mailto:miller.robertl@epa.gov) or (202) 343-9077.

(vi) For a unit subject to the Acid Rain Program, a CAIR Trading Program, or a Transport Rule Program, that, as of the date of submission of this form, serves one or more generators (whether or not the generator produces electricity for sale), indicate the generator ID number and the nameplate capacity (in MWe) of each generator served by the unit. A unit serves a generator if it produces, or is able to produce, steam, gas, or other heated medium for generating electricity at that generator. For combined cycle units, report separately the nameplate capacities of the generators associated with the combustion turbine and the steam turbine. Please ensure that the generator ID numbers entered are consistent with those reported to the EIA.

The definitions of "nameplate capacity" under the Acid Rain Program and under the CAIR/Transport Rule Programs differ slightly. Therefore, for a unit subject to the Acid Rain Program and any CAIR/Transport Rule Program, the nameplate capacity for the same generator under the Acid Rain Program and under the CAIR/Transport Rule Program may differ in certain limited circumstances. Specifically, for a unit subject to the Acid Rain Program, the nameplate capacity of a generator, if listed in the National Allowance Database ("NADB"), is not affected by physical changes to the generator after initial installation that result in an increase in the maximum electrical generating output that the generator is capable of producing. Otherwise, for a unit subject to the Acid Rain Program or a CAIR/Transport Rule Program, the nameplate capacity of a generator is affected by physical changes to the generator after initial installation that result in an increase in the maximum electrical generating output that the generator is capable of producing. In such a case, the higher maximum electrical generating output number in MWe should be reported in the nameplate capacity column. Enter "NA" if, as of the date of submission of this form, the unit does not serve a generator.

See the definition of "nameplate capacity" at 40 CFR 72.2, 96.102, 97.102, 96.202, 97.202, 96.302, 97.302, 97.402, 97.502, 97.602, and 97.702, as applicable. The NADB is located at the CAMD website at <http://www.epa.gov/airmarkets/trading/allocations.html>. If you have questions regarding nameplate capacity, contact Robert Miller at [miller.robertl@epa.gov](mailto:miller.robertl@epa.gov) or (202) 343-9077; if you have questions regarding the NADB, contact Craig Hillock at [hillock.craig@epa.gov](mailto:hillock.craig@epa.gov) or (202) 343-9105.

**(vii)** Enter the company name of each owner and operator in the "Company Name" field. Indicate whether the company is the owner, operator, or both. For new units, if the operator of a unit has not yet been chosen, indicate that the owner is both the owner and operator and submit a revised form when the operator has been selected within 30 days of the effective date of the selection. EPA must be notified of changes to owners and operators within 30 days of the effective date of the change. **You are strongly encouraged to use the CAMD Business System to provide updated information on owners and operators.**

**(viii)** Indicate whether or not the unit is located in Indian Country. For more information see the definition of "Indian Country" at 40 CFR 97.402, 97.502, 97.602 and 97.702.

**(ix)** When identifying a unit at a facility for the first time, indicate whether or not the unit was moved from another facility. If the answer is "yes", the EPA will contact the owners/operator for more information.

#### **Paperwork Burden Estimate**

The public reporting and record keeping burden for this collection of information is estimated to average 15 hours per response annually. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data

sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822T), 1200 Pennsylvania Ave., NW., Washington, D.C. 20460. Include the OMB control number in any correspondence. **Do not send the completed form to this address.**
