Instrument 3090-0297 – Req 25 (IT Schedule 70 Post-Award Survey)

Welcome to IT Schedule 70!

First, we would like to say "Congratulations" on your contract award! GSA recognizes the extensive amount of time, effort, and resources your company has invested to become a GSA Multiple Award Schedule (MAS) contract holder. The goal of the IT Schedule 70 Business Program Office is to ensure you are equipped with the necessary tools to successfully market and maintain your newly awarded IT Schedule 70 contract. To get started, we encourage you to utilize the valuable information and training resources available through the Vendor Support Center (VSC). Our research shows that vendors who take advantage of the VSC's vast resources achieve greater success in the competitive federal market.

Please familiarize yourself with the terms and conditions of your contract to successfully manage the requirements. Some key responsibilities you should be aware of are:

1. **Reporting sales and remitting the Industrial Funding Fee (IFF)**

Register your contract in the 72A Quarterly Reporting System and remember to report your sales quarterly (including zero sales) in accordance with clause 552.238-74. The VSC has useful guides and information for you on this topic.

2. **Preparing and uploading your electronic catalog data and pricelist**

I-FSS-600 – Contract Price Lists & Clause 552.238-71-Submission and Distribution of Authorized FSS Schedule Pricelists: These clauses provide instructions for preparing your paper and electronic GSA Schedule catalog pricelists, as well as instructions for printing and distributing paper pricelists.

You must submit your electronic catalog file to GSA *within six months* from the date of this contract award. Once submitted, your electronic catalog will appear on GSA *Advantage!*®

For more information, please visit the VSC Getting on GSA Advantage! page.

3. **Keeping your contract current by submitting changes through the eMod system**
