

Dear Federal Crop Insurance Policyholder:

The Risk Management Agency (RMA), a bureau of the U.S. Department of Agriculture, has contracted with KPMG LLP (KPMG) and Campos Inc. (Campos) to conduct a study of the costs of delivery of the Federal crop insurance program. An important aspect of this study is to get a comprehensive understanding of the services that crop insurance agents provide to policyholders. Accordingly, you have been randomly selected from a nationwide group of Federal crop insurance policyholders to participate in the enclosed Survey, designed to collect such information.

Please answer all questions within the Survey. We estimate it will take you approximately 20 minutes to complete it. All Survey responses will remain confidential and anonymous to the extent permitted by law.

Please respond to the Survey by **[Date]**. We prefer that you complete and submit the Survey online through the secure Campos website www.FCIPfarmer.Campos.com, using the following password **[PIN]** to log-in when prompted.

However, if you would rather take the survey off-line, you can also mail the Survey to Campos using the enclosed pre-paid envelope.

We appreciate your assistance in providing this information that will help RMA to better understand the services that crop insurance agents provide to policyholders. If you have any questions or you need assistance in completing this Survey, please contact **Russell Stammer** at rstammer@campos.com.

Sincerely,

United States Department of Agriculture Risk Management Agency
KPMG LLP
