

**Nonmaterial Change Justification for  
Evaluation of the Unemployment Compensation Provisions of the American Recovery and  
Reinvestment Act of 2009  
1225-0089**

At the time of initial approval for this information collection, the Office of Management and Budget issued the following clearance terms:

This information collection request is approved as amended by DOL through its supplemental memos and materials included in this record. In addition, DOL agrees to amend this package through a nonsubstantive change request to account for the reduction in incentive amounts from \$50/\$40 to \$40/\$30 for respondents who make first contact versus those who wait to be called. DOL will also provide revised materials that remove the questions and associated burden for the lobbyist/legislator questions, which are not being fielded.

This ICR submits updated documents to address those clearance terms.
