The U.S. Census Bureau requests your participation in the Building Permits Survey. The enclosed Form C-404, "Report of Building or Zoning Permits Issued for New Privately-Owned Housing Units," requests summary information on residential building or zoning permits issued by your office during calendar year 2012. Electronic reporting is available, or you may continue to mail or fax this information by the date shown at the top of the form. The United States Code, Title 13, authorizes this survey, provides for voluntary responses, and provides an exception to confidentiality for public records.

If your office has changed status, such as no longer requiring permits or having merged with another office, please select the appropriate change on the "Geographic Coverage" screen if reporting electronically, or check the appropriate box in Section 2 of Form C-404 and provide requested information adjacent to the box selected.

The information you supply is extremely important. It allows us to produce estimates of construction of new housing units, the largest component of the construction industry. We also use your data to produce population estimates at the local government level. The population estimates are used by government agencies to allocate funding and other resources to your local area and for various planning purposes. Data users rely on your detailed geographic data to monitor growth and develop production and marketing strategies.

If you have any questions, please refer to the instructions on the back of the form or call the Residential Construction Branch on 800-845-8244. Thank you in advance for your participation in this voluntary survey.

Sincerely,

Mendel D. Gayle
 Chief, Manufacturing and Construction Division

Dear Permit Official:

We are compiling an annual summary of housing units authorized by building or zoning permits from the Building Permits Survey for 2012. Our records indicate that we have not received the Form C-404, "Report of Building or Zoning Permits Issued for New Privately-Owned Housing Units," from your office for five or more months in 2012.

"The Census Bureau's economic surveys are indispensable to understanding America's economy. They ensure the accuracy of the statistics we rely on for economic policy and for successful business planning. Participating in the monthly survey helps us all."

Dear Permit Official:

Earlier this year, we mailed a survey Form C-404, "Report of Building or Zoning Permits Issued for New Privately-Owned Housing Units," to your municipality. At the time of this mailing, we had not yet received your reply. We need your data to complete our statistics on new residential housing units authorized by building permits for the 2012 calendar year.
