

SOUTH ATLANTIC SURVEY OF NOAA SERVICES

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other suggestions for reducing this burden to Rob Andrews, NOAA Fisheries Service, 1315 East-West Hwy., Silver Spring, MD 20910.

This is a voluntary survey, and responses are kept confidential as required by section 402(b) of the Magnuson-Stevens Act and NOAA Administrative Order 216-100, Confidentiality of Fisheries Statistics, and will not be released for public use except in aggregate statistical form without identification as to its source. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

South Atlantic Survey of NOAA Services

The National Oceanic and Atmospheric Administration is the Federal agency that provides citizens, planners, emergency managers and other decision makers with information concerning weather forecasts, severe storm warnings, fisheries management, coastal restoration and marine commerce. As part of its work, NOAA periodically surveys members of the public about the information and services NOAA provides.

COMMONLY ASKED QUESTIONS

Q: How did you get my address?

A: Your address was randomly selected from among all addresses within your state. It was selected using scientific sampling methods to represent other households in your part of the state.

Q: Why can't you interview another household instead of mine?

A: In order to make sure final results of the study are accurate, receiving information about your household is important to us. Households selected for this study were chosen using scientific sampling methods and your responses cannot be replaced by others.

Q: How will the information I provide be used?

A: Information from this study will be used to improve NOAA services. All information will be kept confidential; It will be combined with information from other households to produce statistical summaries and reports.

Q: How much time will this survey take?

A: On average, it should take less than ten minutes for you to respond, including the time for reviewing instructions, and completing and reviewing the collection of information.

Q: Who is sponsoring the survey?

A: This study is sponsored by the National Oceanic and Atmospheric Administration. Questions regarding the study can be directed to Rob Andrews at National Oceanic and Atmospheric Administration by calling 301-713-2328.
