Paperwork Reduction Act Statement

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

The reason for collecting this information is to allow organizations to apply for the Malcolm Baldrige National Quality Award (award). The information obtained will assist in determining the award recipients. Responses to the collection of information are required for organizations to be considered for the award. Confidentiality of the submitted information is covered under the Freedom of Information Act to the extent possible under the law.

The public reporting burden for this collection is estimated to average 100 hours for the initial response of the first-time applicant (this includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the relevant data, and completing and reviewing the collection of information). As the organization reapplies for the award in future years, this burden may change, in either direction, based on the feedback the respondent gains from its first application.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to

Dr. Harry Hertz, Director Baldrige Performance Excellence Program National Institute of Standards and Technology Administration Building, Room A600 100 Bureau Drive, Stop 1020 Gaithersburg, MD 20899-1020
