TITLE OF INFORMATION COLLECTION: OMB No. 0917-0036-20 IHS Customer Satisfaction Survey

PURPOSE: The IHS goal is to raise the health status of the American Indian and Alaska Native people to the highest possible level by providing comprehensive health care and preventive health services. To support the IHS mission, the Sanitation Facilities Construction (SFC) Program provides technical and financial assistance to American Indian tribes and Alaska Native villages for cooperative development and continued operation of safe water, wastewater, and solid waste systems and related support facilities

Voluntary customer satisfaction surveys will be conducted through phone calls, mail, and the internet. The information gathered will be used by agency management and staff to identify strengths and weaknesses in current service provision, to plan and redirect resources, to make improvements that are practical and feasible and, to provide vital feedback to partner agencies, tribal leaders, system operators, health boards, and community members regarding customer satisfaction or dissatisfaction with the SFC program.

DESCRIPTION OF RESPONDENTS: Tribal homeowners, tribal leaders, and tribal operation and maintenance operators who receive service through or collaborate in the delivery of IHS sanitation projects.
