Support of Biomedical HIV Prevention”**

**Attachment 6 Survey Telephone Recruitment Script**

Public reporting burden of this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; Attn: OMB-PRA (0920-0840)

## Survey Telephone Recruitment Script

Hello,

I am a researcher from the Division of HIV/AIDS Prevention (DHAP) at the Centers for Disease Control and Prevention (CDC). In order to understand how we can better support community based organizations (CBOs), we are conducting a needs assessment survey and we need your help.

Recently, we have seen the development of effective clinically-delivered biomedical HIV prevention methods. These biomedical interventions include preexposure prophylaxis (PrEP), nonoccupational postexposure prophylaxis (nPEP), and treatment as prevention (TasP).

We are conducting this survey to assess the interest and current capacity of CBOs to implement these biomedical interventions. The results of this survey will help CDC understand the needs of CBOs regarding biomedical interventions so that we can develop tools and trainings to better help your organization.

We would like to invite two people from your organization to participate in the web-based survey (via SurveyMonkey)- one executive level person and one person engaged in direct client service.

Can we go ahead and send the survey to these two people at your organization?

[If YES, then ask] Ok, great. Who is an executive level person or manager at your agency that we can contact about the survey? What is their name and email address? Who is a person at your agency that deals more with direct client services (e.g., case manager, counselor)? What is their name and email address?

[If NO, then say] Thank you very much for your time.
