

Testing Brief Messages for Black and Latino MSM

Attachment 2

Eligibility Screener--English

Public reporting burden of this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; Attn: OMB-PRA (0920-0840)

Attachment 2: Eligibility Screener

Eligibility Screener

Introduction

“Thank you for your interest in the Messages4Men: Exploring New Health Information for Our Communities study, which is focused on learning more about the health behavior of men who have sex with men to help develop efforts to keep them healthy. We would like to let you know that funding for this study is provided by the Centers for Disease Control and Prevention. To find out if you are eligible for this study, we need to ask you a few questions. It should not take more than 5 minutes. Some of these questions are personal, including questions about sexual activity. Answering these questions is completely voluntary and you can refuse to answer a question or stop at any time. If you answer the questions and we determine that you are eligible, you will then be offered the opportunity to participate in the research study, which includes coming to [*name of local site*] to take part in a one-hour survey about similar topics. If you complete that longer survey, you will receive a \$40 gift card as a token of appreciation. Would you like to continue to see if you are eligible for this study?”

1. In what month and year were you born? _____
[If less than age 18, end screening and read the following ineligibility script]

[If under age 18...] I’m sorry but you are not eligible to participate in this study at this time. You must be at least 18 years old to be in the study. Thank you for your interest.

[If eligible...]

“You are eligible to participate in the study. If you are interested in participating, you will need to schedule an appointment to come to [name of local site] and take a survey. The entire visit will take about 90 minutes, and if you complete the survey, you will receive a \$40 gift card as a token of appreciation. If you would like to take part or learn more, click below to schedule an appointment.”

[If ineligible...]

“I’m sorry but you are not eligible to participate in this study at this time. There are many possible combinations of reasons why people are not eligible to be in the study, reasons that were decided earlier by the researchers. We appreciate your interest in this study and willingness to consider helping to improve health programs in our community. Thank you.”
