SEX WITH MEN

**READ: SEXUAL BEHAVIOR WITH MEN**

**The following questions ask about your sexual behavior in the last three months. Some questions ask about all your partners, and others ask only about certain partners.**

**READ: When we ask about the times you were a top, we mean a top during anal sex (insertive anal sex, you fucked, your penis was in a man's rectum). When we ask about the times you were a bottom, we mean a bottom during anal sex (receptive anal sex, getting fucked, a man's penis was in your rectum). Some questions refer to condom use. Include the times you used a male condom or an anal condom (Reality condom). Sex with a condom means that the condom was put on before you began having anal sex and the condom was not taken off until you were done.**
