SEXUAL BEHAVIOR WITH MEN

The following questions ask about your sexual behavior in the last three months. Some questions ask about all your partners, and others ask only about certain partners.

When we ask about the times you were a top, we mean a top during anal sex (insertive anal sex, you fucked, your penis was in a man's butt). When we ask about the times you were a bottom, we mean a bottom during anal sex (receptive anal sex, getting fucked, a man's penis was in your butt).

Some questions refer to condom use. Include the times you used a male condom or an anal condom (Reality condom). Sex with a condom means that the condom was put on before you began having anal sex and the condom was not taken off until you were done.

First, we want to ask you about all of the men you have had any anal sex with in the past 3 months.

Continue

A1. How many men did you have any anal sex with (top or bottom) in the last three months? This includes times when you were a top or bottom, used or didn't use a condom, and whether or not there was ejaculation. If you are unsure, please give your best guess.
