

PREVENTION IS CARE

HIV CARE IS BUILT ON **Small Talks**

New tools help you integrate expanded
CDC recommendations into your clinical practice

TOOLS TO HELP WITH **ART adherence**

- **For Providers:**

- *The Art of ART Adherence*, reprinted from AAHIVM's *HIV Specialist*
- *Small Talks in ART Adherence*, helps providers assess patient readiness for beginning and staying with antiretroviral therapy

- **For Exam/Waiting Rooms:**

- *Every Pill Counts Toward Protecting Your Health*, an English/Spanish waiting room poster
- *Let's Talk: Being Safe Means Protection*, English and Spanish take-home pieces to educate patients to protect themselves and others

- **For Patients:** *Every Pill Counts Toward Protecting Your Health*, English and Spanish take-home pieces describing how ART adherence leads to a longer, healthier life

TOOLS TO HELP **Keep patients in your care**

- **For Providers:**

- *Small Talks About: Regular, Ongoing Care*, describes how to continue patient engagement over the long course of HIV care
- *Small Talks About: ART Adherence*, helps identify risk factors for poor retention in HIV care with individual patients

- **For Exam/Waiting Rooms:**

- *Let's Talk About: Keeping All of Your Medical Appointments*, an English/Spanish waiting room poster
- *Let's Talk: Being Safe Means Protection*, English and Spanish take-home pieces to educate patients to protect themselves and others

- **For Patients:** *Let's Talk About: Keeping All of Your Medical Appointments*, English and Spanish take-home pieces describing how and why to stick with ongoing care

TOOLS TO HELP

Modify risky sexual behavior

- **For Providers:**

- *Small Talks About: Safer Sexual Behaviors*, describes how medical providers can incorporate sexual risk reduction discussion into the routine care of persons living with HIV
- *Protect Your Health*, a questionnaire and discussion guide to help medical providers identify and modify risky sexual behavior

- **For Exam/Waiting Rooms:**

- *Let's Talk: Being Safe Means Protection*, an English/Spanish waiting room poster
- *Let's Talk: Being Safe Means Protection*, English and Spanish take-home pieces to educate patients to protect themselves and others

- **For Patients:** *Does Your Love Life Include Protecting Your Partner?*, English and Spanish take-home pieces that help empower patients to have safer sex

R_x

Every visit is a chance
for a teachable moment...
a small talk...

about risky sexual behavior,
adhering to HIV medication,
and staying in HIV care.

Inside are tools
to help incorporate prevention
messages into clinical practice!
