AGENCY: Office of the Secretary, Office of Natural Resources Revenue (ONRR), Interior.

ACTION: Notice of an extension of a currently approved information collection (OMB Control Number 1012-0010).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are inviting comments on a collection of information requests that we will submit to the Office of Management and Budget (OMB) for review and approval. OMB formerly approved this information collection request (ICR) under OMB Control Number 1010-0120. On March 6, 2011, OMB approved a new series number for ONRR and renumbered our ICRs. This ICR pertains to royalty and production reporting on solid minerals and geothermal leases on Federal and Indian lands. This ICR covers the paperwork

requirements in the regulations under title 30, *Code of Federal Regulations* (CFR), parts 1202, 1206, 1210, 1212, 1217, and 1218. The title of this ICR is "30 CFR Parts 1202, 1206, 1210, 1212, 1217, and 1218, Solid Minerals and Geothermal Resources." There are three forms associated with this information collection.

DATES: Submit written comments on or before April 12, 2013 in order to assure consideration.

ADDRESSES: You may submit comments on this ICR to ONRR by any of the following methods (please use "ICR 1012-0010" as an identifier in your comment):

- Electronically go to <http://www.regulations.gov>. In the entry titled "Enter Keyword or ID," enter "ONRR-2011-0001," and then click "Search." Follow the instructions to submit public comments.
- Mail comments to Stephen Chubb, Regulatory Specialist, Office of Natural Resources Revenue, P.O. Box 25165, MS 64000A, Denver, Colorado 80225.
- Hand-carry comments, or use an overnight courier service to ONRR. Our courier address is Building 85, Room A-614, Denver Federal Center, West 6th Ave. and Kipling St., Denver, Colorado 80225.

OMB Control Number: 1012-0010.

Bureau Form Number: Forms MMS-4430, MMS-4292, and MMS-4293.

Abstract: The Secretary of the United States Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary's responsibility, according to various laws, is to manage mineral resource production from Federal and Indian lands and the OCS, collect the royalties and other mineral

revenues due, and distribute the funds collected under those laws. We have posted those laws pertaining to mineral leases on Federal and Indian lands and the OCS at http://www.onrr.gov/Laws_R_D/PublicLawsAMR.htm.

The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. ONRR performs the minerals revenue management functions for the Secretary and assists the Secretary in carrying out the Department's trust responsibility for Indian lands.

Effective October 1, 2010, ONRR reorganized and transferred their regulations from chapter II to chapter XII in title 30 of the *Code of Federal Regulations*, resulting in a change to our citations. You can find the information collections covered in this ICR at 30 CFR part 1202, subpart H, which pertains to geothermal resources royalties; part 1206, subparts F, H, and J, which pertain to product valuation of Federal coal, geothermal resources, and Indian coal; part 1210, subparts E and H, which pertain to production and royalty reports on solid minerals and geothermal resources leases; part 1212, subparts E and H, which pertain to recordkeeping of reports and files for solid minerals and geothermal resources leases; part 1217, subparts E and H, which pertain to audits and inspections of coal, other solid minerals, and geothermal resources leases; and part 1218, subparts E and F, which pertain to royalty, rental, bonuses, and other monies payment for solid minerals and geothermal resources. All data reported is subject to subsequent audit and adjustment.

I. General Information

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee, or designee, must report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals.

II. Information Collections

ONRR, acting for the Secretary, uses the information that we collect to ensure that lessees accurately value and appropriately pay all royalties based on correct product valuation. ONRR and other Federal Government entities,

including the Bureau of Safety and Environmental Enforcement, Bureau of Land Management, Bureau of Indian Affairs, and State and Tribal governmental entities, use the information for audit purposes and for evaluating the reasonableness of product valuation or allowance claims that lessees submit. Please refer to the burden hour chart for all reporting requirements and associated burden hours.

A. Solid Minerals

Producers of coal and other solid minerals from any Federal or Indian lease must submit current Form MMS-4430, Solid Minerals Production and Royalty Report, and other associated data formats. These companies also report certain data on Form MMS-2014, Report of Sales and Royalty Remittance (OMB Control Number 1012-0004). Producers of coal from any Indian lease must also submit Form MMS-4292, Coal Washing Allowance Report, and Form MMS-4293, Coal Transportation Allowance Report, if they wish to claim

allowances on Form MMS-4430. The information that ONRR requests are the minimum necessary to carry out our mission and places the least possible burden on respondents.

B. Geothermal Resources

This ICR also covers some of the information collections for geothermal resources, which ONRR groups by usage (electrical generation, direct use, and byproduct recover), and by disposition of the resources (arm's-length (unaffiliated) contract sales, non-arm's-length contract sales, and no contract sales) within each use group. ONRR relies primarily on data that payors report on Form MMS-2014 for the majority of our business processes, including geothermal information. In addition to using the data to account for royalties that payors report, ONRR uses the data for monthly distribution of mineral revenues and audit and compliance reviews.

III. OMB Approval

We will request OMB approval to continue to collect this information. Not

collecting this information would limit the Secretary's ability to discharge fiduciary duties and may also result in the loss of royalty payments. We protect the proprietary information that ONRR receives and do not collect items of a sensitive nature. It is mandatory that the reporters submit Form MMS-4430. Also, ONRR requires that reporters submit Forms MMS-4292 and MMS-4293 to obtain benefits for claiming allowances on Form MMS-4430.

Frequency: Monthly, annually, and on occasion.

Estimated Number of Respondents: 100 reporters.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 3,434 hours.

We have not included in our estimates certain requirements that companies perform in the normal course of business, and that ONRR considers usual and customary. We display the estimated annual burden hours by CFR section and paragraph in the following chart.

Estimated Annual Reporting and Recordkeeping “Non-hour” Cost Burden: We have identified no “non-hour” cost burdens associated with the collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person does not have to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Section 3506(c)(2)(A) of the PRA requires each agency to “* * * provide 60-day notice in the **Federal Register** * * * and otherwise consult with members of the public and affected agencies concerning each proposed

collection of information * * *.” Agencies must specifically solicit comments to (a) evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information that ONRR collects; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting

“non-hour cost” burden to respondents or record-keepers resulting from the collection of information. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods that you use to estimate (1) major cost factors, including system and technology acquisition, (2) expected useful life of capital equipment, (3) discount rate(s), and (4) the period over which you incur costs. Capital and startup costs include, among other items, computers and software that you purchase to prepare

for collecting information and monitoring, sampling, and testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or to keep records for the Federal Government; or (iv) as part of customary and usual business or private practices.

Public Comment Policy: We will summarize all comments that we receive regarding this notice. We will publish that summary, including names and addresses of respondents, at <http://www.regulations.gov>. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us, in your comment, to withhold from public view your personal identifying information, we cannot guarantee that we will be able to do so.
