Welcome to the Green Goods & Services Internet Data Collection Website.

Enter Report Number: (Ex. 9912345678)

Confirm Report Number:

Type the two words:

WARNING! You are using an Official United States Government System, which may be used only for authorized purposes. Unauthorized modification of any information stored on this system may result in criminal prosecution. The Government may monitor and audit the usage of this system, and all persons are hereby notified that the use of this system constitutes consent to such monitoring and auditing. Unauthorized attempts to upload information and/or change information on these web sites are strictly prohibited and are subject to prosecution under the Computer Fraud and Abuse Act of 1986 and Title 18 U.S.C. Sec. 1001 and 1030.

Maintenance activities may be conducted on Sundays from noon to 6:00 p.m. Eastern Time in order to keep the Internet Data Collection Facility (IDCF) at its peak performance and to cause as little disruption in service as possible to our customers. If the system is unavailable, please try back at a later time.

Please read:
Due to security reasons, your session will time out after 30 minutes of system inactivity. You will need to logon to the website again to continue.

Burden and Confidentiality Statements (all forms):

The screenshot shows a web browser window with the URL <https://ggsdatat.bls.gov/GGS/login.htm>. The browser's address bar and tabs are visible at the top. The page header features the text "Green Goods and Services" in a stylized font, with a "Logout" link on the right. The main content area is titled "Welcome to Green Goods and Services Survey" and contains the following text: "Welcome to the Green Goods and Services Internet Data Collection website. Please keep the paper form handy for reference as you complete the survey on the following screens. If you need help while completing this survey, please call the GGS helpdesk at 1-866-840-3801 (TTY at 1-866-841-3259) or email GGSHelp@bls.gov. Thank you for your help! We estimate that it will take an average of 15 minutes to complete this form. Please click on the Continue button to begin." Below this text is a large blue arrow button labeled "Continue". A horizontal line separates this section from a detailed confidentiality statement. The statement reads: "The Bureau of Labor Statistics, its employees, agents, and partner statistical agencies, will use the information you provide for statistical purposes only and will hold the information in confidence to the full extent permitted by law. In accordance with the Confidential Information Protection and Statistical Efficiency Act of 2002 (Title 5 of Public Law 107-347) and other applicable Federal laws, your responses will not be disclosed in identifiable form without your informed consent. This report is authorized by law 29 U.S.C.2. Paperwork Reduction Act Statement. Your voluntary cooperation is needed to make the results of this survey comprehensive, accurate, and timely. We estimate that completing this form will take an average of 15 minutes. This estimate takes into account time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information. If you have any comments regarding this survey, including suggestions for reducing the burden, send them to the Bureau of Labor Statistics, Office of Industry Employment Statistics, Paperwork Reduction Project, 2 Massachusetts Avenue, N.E., Room 4840, Washington, DC 20212. The OMB control number for this voluntary survey is 1220-0183 and expires on April 30, 2014. Without a currently valid number BLS would not be able to conduct this survey." Another horizontal line follows. At the bottom, there is contact information: "If you have questions about the website, please send an e-mail to GGSHelp@bls.gov Version: 1.0 URL: <https://ggsdatat.bls.gov/GGS/content/index.jsp>

Your establishment is classified as the following industry: Agriculture

Does this worksite produce goods or services that fall into one or more of the following green goods and services categories? Please indicate yes or no.

- Please consider the goods and services you produce for sale or for transfer within your company.
- Do not consider internal green practices, such as recycling programs, use of renewable energy, use of green office products or cleaning materials, use of energy-efficient or pollution-reducing equipment or practices at the worksite, etc.
- If none of the examples match your green product or you are classified under the wrong industry, please explain your green product or service in the 'other' section.

| Green goods and services categories | Examples (this is not an exhaustive list) | Yes / No |
|--|---|---|
| <i>Renewable energy.</i> Products and services that: - generate electricity, heat, or fuel from non-fossil, renewable fuel sources - generate electricity, heat, or fuel from waste | Production of: - Corn, switch grass, and other crops to be used specifically in the manufacture of ethanol or other biofuels | <input type="radio"/> Yes <input type="radio"/> No |
| <i>Natural resources conservation.</i> Products and services that: - reduce the environmental impact of agricultural production - improve natural resources conservation | Production of: - USDA certified organic crops - USDA certified organic meat - Support services provided specifically for USDA certified organic crops or animal production - Nursery or tree products specifically for reforestation - Sustainable Forestry Initiative or Forest Stewardship Certified timber tract operations | <input type="radio"/> Yes <input type="radio"/> No |
| <i>Other.</i> Does this worksite produce any green goods or services not described above? Green goods or services are those that benefit the environment or conserve natural resources. | If yes, please describe here: <div style="border: 1px solid gray; height: 30px; width: 100%;"></div> | <input type="radio"/> Yes <input type="radio"/> No |

4 Your establishment is classified as the following industry: **Construction**

Does this worksite produce goods or services that fall into one or more of the following green goods and services categories? Please indicate yes or no.

- Please consider the goods and services you produce for sale or for transfer within your company.
- Do not consider internal green practices, such as recycling programs, use of renewable energy, use of green office products or cleaning materials, use of energy-efficient or pollution-reducing equipment or practices at the worksite, etc.
- If none of the examples match your green product or you are classified under the wrong industry, please explain your green product or service in the 'other' section.

| Green goods and services categories | Examples (this is not an exhaustive list) | Yes / No |
|--|---|---|
| <i>Renewable energy.</i> Products and services that: - generate electricity, heat, or fuel from non-fossil, renewable fuel sources - generate electricity, heat, or fuel from waste | Construction or maintenance of: - Power plants generating energy from renewable sources, such as wind, hydro, biomass, geothermal, solar, ocean, and landfill gas/solid waste Installation of parts for use in a renewable source-fueled power plant, such as solar cells or wind turbines | <input type="radio"/> Yes <input type="radio"/> No |
| <i>Energy efficiency.</i> Products and services that: - reduce energy consumption - improve energy efficiency | Installation or maintenance of: - EnergyStar certified products, such as dishwashers and washing machines - Products eligible for use in LEED or Green Globes certified projects, such as windows, floorings, and tiles - SmartGrid meters, sensors, and automatic electric transmission devices Construction of ISO 21930:2007-compliant projects Construction of LEED certified buildings Construction of Green Globes/ANSI/GBI certified commercial buildings Construction of EnergyStar buildings Weatherization and retrofitting projects | <input type="radio"/> Yes <input type="radio"/> No |
| <i>Pollution mitigation and greenhouse gas reduction.</i> Products and services that: - reduce or eliminate pollution or greenhouse gases | Construction or maintenance of: - Power plants generating energy from waste sources, such as landfill gas or municipal solid waste Installation or maintenance of: - ANSI environmental certified products, such as NSF/ANSI 140 and 332 certified goods (carpeting and floor coverings) - Products on the USDA Biopreferred product list, such as carpets and fluid-filled transformers - Products listed with the EPA Environmentally preferable purchasing program, such as pipes and roofing materials - Scrubbers and other pollution control mechanisms in power plants and other factories | <input type="radio"/> Yes <input type="radio"/> No |
| <i>Recycling and reuse.</i> Products and services that: - collect, reuse, remanufacture, or recycle - compost waste materials | Construction or maintenance of: - Recycling or composting facilities Collecting and recycling or composting construction material scrap or waste Deconstructing existing structures for the purpose of recycling or reusing construction materials | <input type="radio"/> Yes <input type="radio"/> No |
| <i>Natural resources conservation.</i> Products and services that: - reduce the environmental impact of agricultural production - improve natural resources conservation | Installation or maintenance of WaterSense-certified products, such as toilets and showerheads Construction or maintenance of stormwater management structures and systems | <input type="radio"/> Yes <input type="radio"/> No |
| <i>Other.</i> Does this worksite produce any green goods or services not described above? Green goods or services are those that benefit the environment or conserve natural resources. | If yes, please describe here: <div style="border: 1px solid gray; height: 20px; width: 100%; margin-top: 5px;"></div> | <input type="radio"/> Yes <input type="radio"/> No |

Question 4 (Form K)

Green Goods and Services
Logout

4

Your establishment is classified as the following industry: Repair and Maintenance

Does this worksite produce goods or services that fall into one or more of the following green goods and services categories? Please indicate yes or no.

- Please consider the goods and services you produce for sale or for transfer within your company.**
- Do not consider internal green practices,** such as recycling programs, use of renewable energy, use of green office products or cleaning materials, use of energy-efficient or pollution-reducing equipment or practices at the worksite, etc.
- If none of the examples match your green product or you are classified under the wrong industry, please explain your green product or service in the 'other' section.**

| Green goods and services categories | Examples (this is not an exhaustive list) | Yes / No |
|--|--|---|
| <i>Energy efficiency.</i> Products and services that: - reduce energy consumption - improve energy efficiency | Repair and/or maintenance of: - SmartWay certified vehicles and related parts - EnergyStar certified products such as electronics, appliances, and computers | <input type="radio"/> Yes <input type="radio"/> No |
| <i>Other.</i> Does this worksite produce any green goods or services not described above? Green goods or services are those that benefit the environment or conserve natural resources. | If yes, please describe here: <div style="border: 1px solid gray; height: 30px; width: 100%; margin-top: 5px;"></div> | <input type="radio"/> Yes <input type="radio"/> No |

4 Your establishment is classified as the following industry: **Electric Power Generation, Transmission, and Distribution**

Does this worksite produce goods or services that fall into one or more of the following green goods and services categories? Please provide percent of sales for each category as applicable.

- Please consider the goods and services you produce for sale or for transfer within your company.
- Do not consider internal green practices, such as recycling programs, use of renewable energy, use of green office products or cleaning materials, use of energy-efficient or pollution-reducing equipment or practices at the worksite, etc.
- If none of the examples match your green product or you are classified under the wrong industry, please explain your green product or service in the 'other' section.

| Green goods and services categories | Examples (this is not an exhaustive list) | Percent of sales revenue for FY 11 |
|--|--|------------------------------------|
| <i>Renewable energy.</i> Products and services that: - generate electricity, heat, or fuel from non-fossil, renewable fuel sources - generate electricity, heat, or fuel from waste | Wind power production | [] . [] % |
| | Solar power production | [] . [] % |
| | Hydroelectric power production | [] . [] % |
| | Biomass power production | [] . [] % |
| | Geothermal power production | [] . [] % |
| | Ocean (tidal, wave, current, and thermal) power production | [] . [] % |
| | Landfill gas/solid waste power production | [] . [] % |
| | Other (please specify): <input style="width: 100%;" type="text"/> | [] . [] % |
| <i>Pollution mitigation and greenhouse gas reduction.</i> Products and services that: - reduce or eliminate pollution or greenhouse gases | Nuclear power production | [] . [] % |
| | Other (please specify): <input style="width: 100%;" type="text"/> | [] . [] % |
| <i>Recycling and reuse.</i> Products and services that: - collect, reuse, remanufacture, or recycle - compost waste materials | Landfill gas/solid waste power production | [] . [] % |
| | Other (please specify): <input style="width: 100%;" type="text"/> | [] . [] % |
| <i>Other.</i> Does this worksite produce any green goods or services not described above? Green goods or services are those that benefit the environment or conserve natural resources. | If yes, please describe here: <input style="width: 100%;" type="text"/> | [] . [] % |

Green Goods and Services
Logout

4 Your establishment is classified as the following industry: **Information, Finance/Insurance/ Professional, Scientific and Technological, or Administrative Services**

Does this worksite produce goods or services that fall into one or more of the following green goods and services categories? Please indicate yes or no.

- Please consider the goods and services you produce for sale or for transfer within your company.
- Do not consider internal green practices, such as recycling programs, use of renewable energy, use of green office products or cleaning materials, use of energy-efficient or pollution-reducing equipment or practices at the worksite, etc.
- If none of the examples match your green product or you are classified under the wrong industry, please explain your green product or service in the 'other' section.

| Green goods and services categories | Examples (this is not an exhaustive list) | Yes / No |
|---|--|---|
| Renewable energy. Products and services that: - generate electricity, heat, or fuel from non-fossil, renewable fuel sources - generate electricity, heat, or fuel from waste | Architectural design, landscape design, interior design, industrial design, engineering, surveying services for: - Renewable energy projects Consulting services for: - Renewable energy | <input type="radio"/> Yes <input type="radio"/> No |
| Energy efficiency. Products and services that: - reduce energy consumption - improve energy efficiency | Architectural design, landscape design, interior design, industrial design, engineering, surveying services for: - LEED, EnergyStar, Green Globes/ANSI/GBI certified projects - Energy efficient projects (for example, weatherization or retrofitting) - Mass transit projects Consulting services for: - Transportation efficiency - Energy efficiency Design, develop, and/or publish software or systems to regulate and monitor energy use or SmartGrid software programs | <input type="radio"/> Yes <input type="radio"/> No |
| Pollution mitigation and greenhouse gas reduction. Products and services that: - reduce or eliminate pollution or greenhouse gases - collect, reuse, remanufacture, or recycle - compost waste materials | Financial firms involved in emissions trading, carbon commodity trading, cap and trade operations Environmental testing services Architectural design, landscape design, interior design, industrial design, engineering, surveying services for: - Nuclear energy projects - Waste treatment projects Consulting services for: - Pollution reduction or clean-up - Alternative energy production Design, develop, or publish computer systems to regulate/monitor pollution | <input type="radio"/> Yes <input type="radio"/> No |
| Natural resources conservation. Products and services that: - reduce the environmental impact of agriculture production - improve natural resources conservation | Architectural design, landscape design, interior design, industrial design, engineering, surveying services for natural resources conservation Consulting services for natural resources conservation | <input type="radio"/> Yes <input type="radio"/> No |
| Environmental compliance, education and training, and public awareness. Products and services that: - enforce environmental regulations - provide education/training related to green technologies/practices - increase public awareness of environmental issues | Provide environmental law and compliance services Provide building inspection services for compliance with LEED, Green Globes/ANSI/GBI or EnergyStar certification Consulting services for environment-related services Conduct research related to the environment Design, develop, and/or publish computer systems for green jobs training Provide headquarters services for companies involved in the production of goods or services related to: - Renewable energy - Energy efficiency - Pollution and waste reduction and regulation - Natural resources conservation - Environmental education and/or awareness | <input type="radio"/> Yes <input type="radio"/> No |
| Other. Does this worksite produce any green goods or services not described above? Green goods or services are those that benefit the environment or conserve natural resources. | If yes, please describe here: <div style="border: 1px solid gray; height: 30px; width: 100%;"></div> | <input type="radio"/> Yes <input type="radio"/> No |

Questions 6, 7, and 8 (all forms, except Form L, for which questions 6, 7, and 8 are not applicable):

Green Goods and Services Logout

6 During the fiscal year in Question 5, did this worksite have any revenue from the sales of goods or services in the categories checked 'yes' in Question 4?

Revenue from sales includes:

- Income a worksite receives from the sale of goods and services
- Market value of goods produced and services rendered for transfers within your company

Revenue from sales does not include:

- Royalties, taxes, interest payments, and all other non-operational revenue

Yes (Go to Question 7 below)
 No (Go to Question 8 below)

7 What percent of this worksite's sales revenue came from the sale of goods or services in the categories checked 'yes' in Question 4?

Estimate the percent of sales revenue for the worksite in Question 1 during the fiscal year shown in Question 5.

%

8 What percentage of this worksite's employment listed in Question 3 primarily works on the products or services checked 'yes' in Question 4?

Estimate for the worksite in Question 1 during the fiscal year shown in Question 5.

%
