

Justification for Nonsubstantive Change

Form I-829, Petition by Entrepreneur to Remove Conditions OMB No. 1615-0045 January 2013

USCIS is making the following nonsubstantive changes to Form I-829 instructions:

- Adding clarifying language regarding the possible collection of biometric information to verify the petitioner's identity and update background information during an interview or other appearance at a USCIS office. This biometric information collection and the associated burden have been approved under the Secondary Inspections Tool (OMB Control No. 1615-0125).
- Adding TDD telephone numbers, and other minor edits into the instructions.

Please refer to the table of changes for details. There are no changes being made to the Form I-829.
