

order to ensure that the information related to a particular border crossing is available for providing any applicable benefits related to immigration or for other law enforcement purposes. For non-immigrant aliens who become USCs or LPRs following a border crossing that leads to the creation of a record in BCI, the information related to border crossings prior to that change in status will follow the 75-year retention period. All information regarding border crossing by such persons following their change in status will follow the 15-year retention period applicable to USCs and LPRs. For all travelers, however, BCI records linked to active law enforcement lookout records, DHS/CBP matches to enforcement activities, and/or investigations or cases will remain accessible for the life of the primary records of the law enforcement activities to which the BCI records may relate, to the extent retention for such purposes exceeds the normal retention period for such data in BCI.

SYSTEM MANAGER AND ADDRESS:

Director, Office of Automated Systems, U.S. Customs and Border Protection Headquarters, 1300 Pennsylvania Avenue NW., Washington, DC 20229.

NOTIFICATION PROCEDURE:

DHS allows persons (including foreign nationals) to seek administrative access under the Privacy Act to information maintained in BCI. However, the Secretary of Homeland Security has exempted portions of this system from the notification, access, and amendment procedures of the Privacy Act because it is a law enforcement system. DHS/CBP, however, will consider individual requests to determine whether or not information may be released. Thus, individuals seeking notification of and access to any record contained in this system of records, or seeking to contest its content, may submit a request in writing to the Headquarters or CBP FOIA Officer, whose contact information can be found at <http://www.dhs.gov/foia> under "Contacts." If an individual believes more than one component maintains Privacy Act records concerning him or her, the individual may submit the request to the Chief Privacy Officer and Chief Freedom of Information Act Officer, Department of Homeland Security, 245 Murray Lane SW., Building 410, STOP-0655, Washington, DC 20528.

When seeking records about yourself from this system of records or any other Departmental system of records, your request must conform with the Privacy

Act regulations set forth in 6 CFR part 5. You must first verify your identity, meaning that you must provide your full name, current address, and date and place of birth. You must sign your request, and your signature must either be notarized or submitted under 28 U.S.C. § 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, you may obtain forms for this purpose from the Chief Privacy Officer and Chief Freedom of Information Act Officer, <http://www.dhs.gov/foia> or 1-866-431-0486. In addition, you should:

- Explain why you believe the Department would have information on you;
- Identify which component(s) of the Department you believe may have the information about you;
- Specify when you believe the records would have been created; and
- Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records; and

If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying his/her agreement for you to access his/her records.

Without the above information, the component(s) may not be able to conduct an effective search, and your request may be denied due to lack of specificity or lack of compliance with applicable regulations.

RECORD ACCESS PROCEDURES:

See "Notification procedure" above.

CONTESTING RECORD PROCEDURES:

See "Notification procedure" above.

RECORD SOURCE CATEGORIES:

The system contains certain data received from individuals who arrive in, depart from, or transit through the United States. This system also contains information collected from carriers that operate vessels, vehicles, aircraft, and/or trains that enter or exit the United States, including private aircraft operators. The system also contains border crossing information received from CBSA.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

No exemption shall be asserted with respect to border crossing information about an individual maintained in the system. In addition to the disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, information in the system may be shared with law enforcement and/or intelligence agencies pursuant to the above routine

uses. The Privacy Act requires DHS to maintain an accounting of the disclosures made pursuant to all routines uses. Disclosing the fact that a law enforcement or intelligence agency has sought particular records may affect ongoing law enforcement activities. The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2), exempted this system from the following provisions of the Privacy Act: Sections (c)(3), (e)(8), and (g) of the Privacy Act of 1974, as amended, as is necessary and appropriate to protect this information. Further, DHS has exempted section (c)(3) of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(k)(2) as is necessary and appropriate to protect this information.
