SUPPORTING STATEMENT

A. Justification:

The Commission is revising this collection to remove the requirements for 47 CFR 76.1704(a) from this collection. It has been discovered that this rule section has already been approved under collection 3060-0289, so we are removing the requirements for Section 76.1704(a) from this collection to avoid duplication.

47 CFR Section 76.1700 exempts cable television systems having fewer than 1,000 subscribers from the public inspection requirements contained in 47 CFR Sections 76.1701 (political file); 76.1702 (equal employment opportunity); 76.1703 (commercial records for children's programming); 76.1704 (proof-of-performance test data); 76.1706 (signal leakage logs and repair records); and 76.1715 (sponsorship identifications).

The operator of every cable television system having 1,000 or more subscribers but fewer than 5,000 subscribers shall, upon request, provide the information required by §§ 76.1702 (equal employment opportunity); 76.1703 (commercial records for children's programming); 76.1704 (proof-of-performance test data); 76.1706 (signal leakage logs and repair records); and 76.1715 (sponsorship identifications) but shall maintain for public inspection a file containing a copy of all records required to be kept by 47 CFR Section 76.1701 (political files).

The operator of every cable television system having 5,000 or more subscribers shall maintain for public inspection a file containing a copy of all records which are required to be kept by §§ 76.1701 (political file); 76.1702 (equal employment opportunity); 76.1703 (commercial records for children's programming); 76.1704 (proof-of-performance test data); 76.1706 (signal leakage logs and repair records); and 76.1715 (sponsorship identifications).

47 CFR Section 76.1700(b) requires that the public inspection file shall be maintained at the office which the system operator maintains for the ordinary collection of subscriber charges, resolution of subscriber complaints, and other business or at any accessible place in the community served by the system unit(s) (such as a public registry for documents or an attorney's office). The public inspection file shall be available for public inspection at any time during regular business hours.

47 CFR Section 76.1700(d) requires the records specified in paragraph 47 CFR 76.1700(a) shall be retained for the period specified in §§ 76.1701, 76.1702, 76.1704(a), and 76.1706.

47 CFR Section 76.1702(a) requires that every employment unit with six or more full-time employees shall maintain for public inspection a file containing copies of all EEO program annual reports filed with the Commission and the equal employment opportunity program information described in 47 CFR 76.1702(b). The multichannel video programming distributor shall provide reasonable accommodation at these locations for undisturbed inspection of its equal employment opportunity records by members of the public during regular business hours.

47 CFR Section 76.1703 requires that cable operators airing children's programming must maintain records sufficient to verify compliance with 47 CFR Section 76.225 and make such records available to the public. Such records must be maintained for a period sufficient to cover the limitations period specified in 47 U.S.C. 503(b)(6)(B).

47 CFR 76.1707 requires that if a cable operator adopts and enforces a written policy regarding indecent leased access programming pursuant to § 76.701, such a policy will be considered published pursuant to that rule by inclusion of the written policy in the operator's public inspection file.

47 CFR Section 76.1711 requires that records be kept of each test and activation of the Emergency Alert System (EAS) procedures pursuant to the requirement of 47 CFR Part 11 and the EAS Operating Handbook. These records shall be kept for three years.

4. No other agency imposes a similar information collection on the respondents. There is no similar data available.
5. This information collection does not impact small entities. 47 CFR Section 76.1700 is not applicable to cable television systems serving less than 1,000 subscribers.
6. If the recordkeeping requirements in this collection were not enforced, the Commission, local franchise authorities and the public would have no written record to verify cable television system compliance with the Commission's rules and regulations concerning system performance, hiring, children's programming and political advertising.
7. There are no special circumstances for the recordkeeping requirements contained in this collection.
8. The Commission published a Notice (77 FR 65880) in the *Federal Register* on October 31, 2012 seeking comments from the public on the information collection requirements contained in this collection. No comments were received from the public as a result of this Notice.

11. This collection of information does not address any private matters of a sensitive nature.
12. We estimate 3,000 cable television systems that serve more than 1,000 subscribers each. The estimated average burden is 25 hours for each cable system..

Total Number of Respondents: 3,000 Cable Television Systems

Total Number of Responses: 3,000 records/files

Total Annual Burden Hours: 3,000 records/files x 25 hrs/system = 75,000 hours

Total "In-House" Costs: We estimate an average hourly wage of \$20.00 per hour for individuals tasked with the recordkeeping requirements.

3,000 records/files x 25 hrs/system x \$20.00 per hour = **\$1,500,000**

These estimates are based on Commission staff's knowledge and familiarity with the data required.

13. Annual Cost Burden:
