

NON-SUBSTANTIVE CHANGE REQUEST FOR INFORMATION COLLECTION 3060-0874

The Federal Communication Commission is seeking a non-substantive change request for information collection 3060-0874. The Commission simply reordered and reworded some questions on Form 2000G, Loud Commercial Complaint Form, to make it more consumer friendly. The Commission received feedback from consumers on the current version of the form and the Commission wanted to make the form more easily understandable to consumers. The data collected is the same. Also, the burden and cost are not impacted by this change request.
