Select one answer only

- Yes
- No

A5.

During the past 30 days, that is, since January 15, 2012, on how many days did you smoke cigarettes?

Number of days

I did not smoke in the past 30 days

**Intro &  
Consent**

According to your previous responses, you qualify to participate in a survey that will take about 25 minutes to complete. You will be asked various questions about your experiences with tobacco and television ads about smoking as well as a few questions about your background. The goal of this survey, which will include approximately 5,000 individuals nationwide, is to provide more in-depth analysis of mass media efforts and smoker's reactions to television ads.

Your responses will be maintained in a secure manner and no personal identification information will be passed on to the sponsors of this study. In addition, your name or other personal information will never be associated with your responses. The data collected for this research study will be combined with that of all participants before it is analyzed.

If you choose to participate in this survey, you will be contacted to participate in a follow-up survey in approximately 3-4 months. The additional survey will take about the same amount of time to complete.

There are no physical risks involved in participating in this study; however, it is possible that you could find some of the questions to be sensitive. If you find a question during the survey to be too personal, you may choose not to answer the question. Your participation is strictly voluntary and you may terminate your participation at any time. The benefit of participating in this study is to assist the sponsor in determining a nationwide estimate of awareness of an important media campaign. You will be awarded 15,000 KN points for completing this study.

This survey is being conducted on behalf of the Centers for Disease Control and Prevention ([www.cdc.gov](http://www.cdc.gov)) and RTI International ([www.rti.org](http://www.rti.org)), a non-profit research organization that conducts studies on many types of health and social issues. If you have any questions about this study, you can contact Knowledge Networks Panel Relations at 1-800-782-6899 and you will be directed to the appropriate researchers. If you have any questions about your rights as a study participant, you can contact RTI's Human Research Protections Office by email at [orpe@rti.org](mailto:orpe@rti.org), or by phone at 1-866-214-2043 (a toll-free number). Please print or save a copy of this document for your records.

I have read and understand the information provided above and the study purpose and procedures are clear to me.

Select one answer only

- Yes, I agree to participate in this study.  
 No, I do not wish to participate in this study.
