Instructions for Completion of Form ACF-696 Financial Reporting Form for the Child Care and Development Fund (CCDF)

OVERVIEW

Pursuant to CCDF regulations at 45 CFR 98.65(g), and as part of the terms and conditions of the grant award, States and Territories are required to complete and submit a quarterly financial status report (ACF-696) in accordance with these instructions on behalf of the CCDF Lead Agency.

The ACF-696 form and instructions can be found on the Office of Child Care (OCC) website at: <http://www.acf.hhs.gov/programs/occ/report/index.htm>

SUBMISSION AND DUE DATES

This form must be submitted quarterly (reports are due 30 days after the end of the quarter) by January 31, April 30, July 31 and October 31.

States must submit quarterly reports for each fiscal year until all funds are expended. CCDF funds may be available for use in more than one fiscal year. As a result, a Lead Agency will likely submit separate ACF-696 forms for multiple grant award years simultaneously.

States are encouraged to submit their ACF-696 reporting forms electronically via the ACF On-Line Data Collection (OLDC) system. The web address is: <https://extranet.acf.hhs.gov/ssi/>

Grantees that elect not to submit electronically must submit two copies:

- One copy with an “original signature” submitted to:

Administration for Children and Families
Office of Administration
Office of Grants Management
Division of Mandatory Grants (CCDF)
370 L’Enfant Promenade, S.W.
Washington, DC 20447

- A signed copy submitted to the ACF Regional Child Care Program Manager. Contact information can be found at:
http://www.acf.hhs.gov/programs/ccb/ta/raaddr/program_managers.htm

GENERAL INSTRUCTIONS

- Round all entries to the nearest dollar.
- Enter State Name
- The term “State” as used in this document also includes Territories except when specifically referring to Mandatory and Matching funds. Territories do not receive Mandatory or Matching funds.
- Include costs of contracts and subcontracts in the appropriate reporting category based on their nature or function.
- Enter the Fiscal Year (the award year) for which this report is being submitted. **Fiscal years will run simultaneously so it is important to indicate the year for which information is being reported.**
- Enter the Grant Document Number.
- Indicate whether this is a new report, a revision of a report previously submitted for the same period or a final report.
- Enter the ending date for the report quarter (the quarter just ended which constitutes the report of cumulative obligations or expenditures).
- Enter the beginning date of the next quarter beginning after submission of this report, for which estimates are being provided on line 8. For example, if the report quarter ends on September 30, then the beginning date of the next quarter beginning after submission of this report will be January 1.
- Enter at the top of column (B) the Federal Medical Assistance Percentage (FMAP) Rate used by the State. FMAP tables can be found at the following website:
<http://aspe.os.dhhs.gov/health/fmap.htm>

COLUMNS – CCDF FUNDING STREAMS

The CCDF program has a number of fiscal requirements associated with multiple funding streams that comprise the block grant. The ACF-696 form has separate columns for reporting of expenditures from each of these component funding streams. All amounts reported in columns (A), (B), (C), and (D) must be actual obligations or expenditures made under the State's plan and in accordance with all applicable statutes and regulations.

- **Column (A): Mandatory Funds.** Appropriated under section 418(a)(3) of the Social Security Act (SSA), 42 USC 618(a)(3). Mandatory funds are 100% Federal funds and are available until expended.
- **Column (B): Matching Funds.** The Federal share of the Matching fund is the remaining amount appropriated under section 418(a)(3) of the SSA after Mandatory funds are allotted.¹ In order to receive the full allotment of Matching funds for a fiscal year, a State must: (1) expend its Maintenance of Effort (MOE) requirement by the end of the award year fiscal year; and (2) obligate all Mandatory funds in the first year of the grant period. State expenditures in excess of the MOE requirement are matched at the Federal Medical Assistance Percentage (FMAP) Rate. The State share of Matching expenditures must be for allowable services or activities as described in the approved State Plan as appropriate, that meet the goals and purposes of the Child Care and Development Block Grant Act of 1990 (CCDBG Act). The same expenditure may not be counted as both State Match and State MOE.
- **Column (C): Discretionary Fund.** Authorized by the CCDBG Act, 42 USC 9858 *et seq.* Discretionary funds are 100% Federal funds and include Targeted funds.

States may transfer up to 30% of their TANF grants to CCDF and these funds are then treated as Discretionary CCDF funds. States wishing to transfer funds back to the TANF block grant must do so within the two-year obligation period for CCDF Discretionary funds (see obligation/liquidation table below).²

- **Column (D): Maintenance-of-Effort (MOE).** Section 418(a)(2)(C) of the Social Security Act, 42 USC 618(a)(2)(C) requires States to spend a specified amount of non-Federal funds on child care in order to claim Federal match from the Matching Fund. This State MOE must be expended on allowable services or activities as described in the approved State Plan as appropriate, that meet the goals and purposes of the CCDBG Act. The same expenditure may not be counted as both State Match and State MOE.

Lead Agencies must follow the applicable obligation and liquidation periods when expending and accounting for CCDF grant funds. The table below indicates obligation and liquidation requirements for each of the CCDF funding streams.

¹ As stated above, the Federal Medical Assistance Percentage (FMAP) Rate used by the State should be entered at the top of the column. FMAP tables can be found at the following website:

<http://aspe.os.dhhs.gov/health/fmap.htm>.

CUMULATIVE FISCAL YEAR TOTALS

All amounts reported must reflect expenditures of CCDF funds made in accordance with the approved State Plan and applicable statutes and regulations. Amounts should be reported on a cumulative basis.

The State should not report any additional or “excess” State funds above the required MOE amount or above the maximum State share amount in these columns.

Line 1(a) - Child Care Administration

Not more than 5% of the aggregate amount of Discretionary, Mandatory, and Federal and State shares of Matching fund expenditures from each fiscal year’s allotment may be used for administrative activities. Therefore, at the end of the liquidation period no more than 5% of Line 1 can be claimed for child care administration at Line 1(a). Expenditures reported in column (D) are not subject to the 5% limitation.

By the end of the liquidation period, Line 1(a) columns A + B + C ≤ (must be less than or equal to) 5% of Line 1 columns A + B + C.

Targeted Funds Narrative Report [applies to Lines 1 (c), 1 (d), 1 (e), and 1 (f)]

The 4th quarter submission of the grant award year's financial report should include an attached narrative description of the activities funded with targeted funds. The narrative should outline the activities funded with CCDF targeted funds for all appropriation years that were spent in the Fiscal Year by the State. Please coordinate with your CCDF State administrator and refer to your approved State Plan for information on those activities supported under each of the targeted fund categories.

The narrative report should provide an explanation for the amounts reported on Lines 1(c), 1(d), 1(e), and 1(f) (if applicable) and should correspond to those activities listed in Part 5 of the approved State Plan in effect for the current Fiscal Year for which expenditures are being reported. The narrative report should include, but is not limited to, the following information:

- Identification of the targeted funds category funding each activity;
- Specific project or contract titles with descriptions and the name of the entity responsible for deliverables, etc.;
- How activities align with the four components of OCC's Quality Framework as described in the CCDF State Plan⁵;
- Description of outputs, number of persons served and/or products produced in activity;
- Short term outcomes, if known; and
- Funds expended by FFY per activity, project or contract in current fiscal year.

Line 1(g) - Direct Services

⁵ The four components of child care quality used as a quality framework in Part 3 of the Child Care and Development Fund Plan are:

- Ensuring health and safety of children through licensing and health and safety standards
- Establishing early learning guidelines
- Creating pathways to excellence for child care programs through program quality improvement activities
- Creating pathways to an effective, well-supported child care workforce through professional development systems and workforce initiatives.

The direct services category consists **solely** of expenditures for child care subsidies to eligible children. Child care subsidies may be provided through certificates (or vouchers) or through grants or contracts to providers.

The costs of eligibility determination and re-determination are considered a non-direct service activity and should be reported at Line 1(h).

If the CCDF Lead Agency sub-contracts the operation of the child care program to another entity (whether a State or non-State entity) the Lead Agency continues to be responsible for reporting only the portion of the sub-contract or sub-award which was expended on child care subsidies in this category. Some Territorial Lead Agencies may run their own child care centers serving CCDF-eligible children and these expenditures (less any administrative, non-direct service, or quality activities costs) would also be considered direct services.

Non-direct services are the costs of providing child care subsidies (operating a voucher program and eligibility determination) or other program activities that are not considered administrative costs under the definition at 45 CFR 98.52 of CCDF regulations.

Note that costs associated with State compliance with Subpart K – Error Rate Reporting of CCDF regulations are not subject to the administrative costs cap and should be reported as non-direct service expenditures on Lines 1(h) and 1(h)(2).

For each column (A through D), Line 1(h) is equal to 1(h)(1) + 1(h)(2) + 1(h)(3)

Line 2 - State Share of Expenditures

In order to receive their full allotment of Federal Matching funds for a fiscal year, States must expend their required Maintenance-of-Effort (MOE) amount and obligate the State share of Matching expenditures in the first year of the grant award.

In column (B) – Matching Funds, the amount reported **may not** exceed the total of the State’s share of the Matching fund required to draw down the full allotment of Federal Matching funds. This amount is based on the State’s FMAP rate.

Similarly, in column D – MOE, the amount reported **may not** exceed the amount of the State’s MOE requirement. Any additional State expenditures that exceed the State’s share of the Matching fund and the MOE requirement should not be reported on the ACF-696 form. (See CCDF allocation tables for the State share Match and MOE requirements at:

2(a).REGULAR				
2(b).PRIVATE DONATED FUNDS				
2(c).PRE-K				

The following sub-categories for State share of expenditures are included on the ACF-696 form reporting expenditures under Line 2:

Line 2(a) - Regular: All public funds used by the State as the State share of the Matching fund that are not privately donated funds or public pre-kindergarten (pre-k) expenditures are to be included in this category. State expenditures of non-Federal funds must be for allowable child care services or activities, as described in the approved State Plan. State share of expenditures may include public funds when the funds are appropriated directly to the Lead Agency or transferred from another public agency and under the Lead Agency's administrative control, or certified by the contributing public agency as representing expenditures eligible for Federal match. The same expenditures may not be used to meet both the Match and MOE requirements under CCDF.

The following may **not** be used as State share of expenditures [See 45 CFR 98.53(i) & (g)]:

- Federal funds (unless authorized by Federal law to be used as match);
- Funds used to match other Federal funds;
- In-kind contributions;
- Family contributions to the cost of care (i.e., family co-payments); and
- Expenditures for which the use of Federal CCDF funds is prohibited.

Line 2(b) - Private Donated Funds: Private donated funds reported in column (D) must meet the requirements of CCDF regulations at 45 CFR 98.53(e)(2). Private donated funds may be used as State Match when the donated funds are made without any restriction that would require their use for a specific individual, organization, facility or institution; do not revert to the donor's facility or use; and are not used to match other federal funds.

The donated funds shall be certified as available and representing expenditures eligible for Federal match and shall be subject to audit requirements.

Line 2(c) - Pre-K: Public Pre-Kindergarten (Pre-K) expenditures on CCDF-eligible children may be used for up to 20% of the funds serving as MOE expenditures (column D) as long as the State has not reduced its expenditures for full day/full year child care services. A State may use other public Pre-K funds for up to 30% of the funds required for State Match (column B). States must include in the CCDF Plan, as provided in 98.16(q), a description of the efforts it will undertake to ensure that Pre-K programs meet the needs of working parents and, if the State uses Pre-K to meet more than 10% of either the MOE or Matching requirement, how the State will coordinate its pre-k and child care services to expand the availability of care.

Expenditures from State-funded public Pre-K services claimed as CCDF Match or MOE must be for services to children from families who meet CCDF eligibility criteria. ACF permits Lead Agencies that do not have child-specific information on children enrolled in Pre-K programs to develop a methodology for calculating Pre-K expenditures for purposes of claiming Match and MOE. States may estimate the proportion of children served in the public Pre-K program who are also CCDF eligible (Also see 63 FR 39966). The methodology should take into consideration the number of children served by the Pre-K program who are from families who would be eligible for CCDF based on State income eligibility limits, participation in employment, training, or education activities, etc.

The Lead Agency is required to report the total unduplicated number of children served through the public Pre-K program that are determined to be CCDF eligible and for which CCDF Match and MOE expenditures were claimed, on the annual ACF-800 CCDF administrative data report. Additional information on the ACF-800 report can be found at: <http://www.acf.hhs.gov/programs/ccb/report/formhelp/acf800/index.htm>

REDISTRIBUTION AND REALLOTMENT OF FUNDS

Redistributed Matching Funds: Any unobligated portion of a State’s Matching fund grant will be redistributed to requesting States that have met the requirements for Matching funds in the period for which the grant was first made. Redistributed Matching funds are considered part of the grant for the fiscal year in which the redistribution occurs, and are subject to obligation/liquidation requirements for that grant award year.

For the quarter ending 09/30 report, States should mark **YES** if the State wants to request any redistributed Matching funds. A State requesting redistributed Matching funds may indicate if they wish to limit the amount received to a specific amount due to State funding limitations.

Reallotted Discretionary Funds: Any unobligated Discretionary funds will be reallotted to requesting States in proportion to the original allotments. Unlike reallotted Matching funds, reallotted Discretionary funds must be obligated and liquidated in the applicable periods for which they were originally awarded. For the quarter ending 03/31 report, States should mark “YES” if the State would like to request any reallotted Discretionary funds should they become available.

Please Note: If reports are not received within 30 days after the end of the quarter (10/31 and 4/30 respectively), the State **will not** be eligible for reallotted funds.
