Training and Technical Assistance (T/TA) Activity Survey

Welcome to the Child Welfare Training and Technical Assistance Evaluation (T/TA) weblink for completing a survey on your experience with providers of the Children's Bureau's T/TA Network.

Based on your participation in T/TA from Western and Pacific CW Implementation Center (WPIC), you have been randomly selected to assist in an independent cross-site evaluation of the Children's Bureau's National Resource Centers (NRCs) and Implementation Centers (ICs). Your participation is a critical component of this evaluation and is vital to providing important information to the Children's Bureau about the effectiveness of T/TA.

This cross-site evaluation addresses the role of T/TA services in helping states and tribes improve their child welfare systems. We are interested in learning more about your experiences with a particular T/TA activity that was provided to American Samoa. The questions in this survey will focus on the selected activity described below.

For purposes of this evaluation, we define the child welfare system to include the child welfare agency, the courts and legal system, social service agencies, and other child-serving providers. Some respondents to this survey may be counties, territories, or local jurisdictions, but for the purposes of a common language, we use the generic term of "State or Tribe" in this survey.

It takes about 15 minutes to answer the questions. Your privacy is very important to us. Your responses will be combined with the answers from agencies across the country and individual answers will not be associated with organizations or respondents. If you should have any questions about the survey, please contact Dr. James DeSantis at JBA via email at desantis@jbassoc.com or via phone at 800-546-3230.
