Request

Date Request Entered: 09/17/2012

OneNet records *substantial T/TA*. "Substantial T/TA" describes services that are tailored to the specific needs of the State/Tribe in response to a request or application for T/TA. Substantial T/TA is expected to build the requestor's capacity. For the purposes of OneNet entry, substantial T/TA involves at least one hour of either direct TA (in person or remote communication between the provider and the T/TA recipient) or indirect TA (efforts by the provider to prepare tailored products, content, or feedback in lieu or support of direct consultation) in a single business day.

The OneNet T/TA Request Form records any request from a State/Tribe for information or services that the TTACC, NRC, or IC anticipates will require substantial T/TA, regardless of whether or not the provider expects to travel to the requesting jurisdiction. The purpose of the form is to capture and describe the State/Tribe's initial reason for seeking T/TA.

Items with an asterisk after the label are required.
