

NOAA FISHERIES

Gulf of Mexico Sportfishing Survey

**COMING
SOON**

In a few days you will be receiving a survey about your saltwater fishing experiences and preferences from NOAA Fisheries and the Gulf States Marine Fisheries Commission. Your name was selected at random from a list of people with a saltwater fishing license.

This survey is important because the results will be used to let fishery managers know what anglers think about fishing conditions and regulations. Your response ensures that the survey results reflect the preferences and opinions of a wide range of anglers.

Thank you in advance for your help with this project.
