National Comprehensive Cancer Control Program Survey

Form Approved
OMB No.: 0920-xxxx
Exp. Date: xx/xx/xxxx

Public reporting of this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road, MS D-74, Atlanta, GA 30333, ATTN: PRA (0920-xxx).

National Comprehensive Cancer Control Program Survey

Survey Introduction

The Centers for Disease Control and Prevention (CDC) is conducting an evaluation of the National Comprehensive Cancer Control Program (NCCCP). The purpose of this evaluation is to understand the extent to which NCCCPs are implementing the six NCCCP Priorities, to evaluate existing evaluation capacity building tools, and revise tools as needed to support the implementation of NCCCP Priorities.

This survey is a component of the NCCCP evaluation. It is designed to provide CDC with a better understanding of grantees' efforts to implement the NCCCP Priorities and related technical assistance needs. The survey also gathers information about the usefulness of the (CCCB) Program Evaluation Toolkit for developing and implementing CCC evaluation plans.

Thank you for participating in this survey. Please click "next" to review the informed consent statement and then proceed through the survey questions.
