

TRIBAL CHILD CARE AND DEVELOPMENT FUND PLAN

Supporting Statement

1. Circumstances Making the Collection of Information Necessary

The authorization to require the submittal of a Plan by the Lead Agency in a Tribe or Tribal Organization administering a Child Care and Development Fund (CCDF) program is contained in the Child Care and Development Block Grant Act of 1990 (CCDBG Act), Public Law 101-508 as amended by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193. To be eligible to receive funds under this program, Section 658E of the CCDBG Act, 42 U.S.C. 9858c, a Tribe or Tribal Organization shall prepare and submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary shall require by rule, including a CCDF Plan that meets the requirements of Section 658E(c) of the CCDBG Act, 42 U.S.C. 9858c(c).

The Child Care and Development Fund (CCDF) Plan Preprint serves as the agreement between the Tribal Lead Agency and the Federal Government as to how the Block Grant program will be operated. The Tribal Lead Agency provides assurances that the CCDF funds will be administered in conformance with legislative requirements, Federal regulations at 45 CFR parts 98 and 99 and other applicable instructions or guidelines issued by the Administration for Children and Families (ACF). The Tribal Lead Agency CCDF Plan Preprint (ACF Form 118-A) is currently approved through 05/31/2014 (OMB Approval Number 0970-0198). A revision of the current information collection is being requested.

2. Purpose and Use of the Information Collection

The primary purpose of the information contained in the CCDF Plan is to determine whether the Tribal Lead Agency can be approved to receive Block Grant funding, as required in Section 658E(d) of the Child Care and Development Block Grant Act (42 U.S.C. 9858c and 9858m), as amended. The Office of Child Care reviews the plan information to determine if the Tribal Lead Agency is operating in accordance with its approved plan when compliance issues arise. In addition, the information contained in the Tribal Plan helps the Office of Child Care identify trends, best practices, areas that need improvement. Based on a review of the plans, the Office of Child Care designs technical assistance strategies that will be responsive to the needs of the Tribal Lead Agencies.

The Administration for Children and Families (ACF) has found the CCDF Plan Preprint useful in guiding Tribal Lead Agencies in the development and submission of their Plans. The standardized, "Preprinted" format provides complete program information necessary to complete the CCDF Plan, and expedites timely reviews by ACF staff. The CCDF Plan Preprint reflects the CCDBG statute and amended regulations. The Plan Preprint serves as a

blueprint for Tribal Lead Agencies to assist them in developing a complete plan, with all of the required elements needed to implement their CCDF programs.

The public takes considerable interest in the way Tribes and Tribal Organizations administer their CCDF funds. The Office of Child Care makes Plan information available to many users including members of Congress, Congressional Committees, Tribes, States, and local child care administrators, advocacy groups, researchers and the public.

3. Use of Improved Information Technology and Burden Reduction

For the upcoming biennial, Tribal Lead Agencies will submit their plans via an editable Microsoft Word document. OCC is piloting an on-line submission tool for State and Territory Lead Agencies to enter their Plan information on a Web based platform. OCC will be working with Tribal Lead Agencies on the feasibility and usability of an on-line tool for future Plan submissions.

4. Efforts to Identify Duplication and Use of Similar Information

The information collected by the ACF 118-A is not available from any other source.

5. Impact on Small Businesses or Other Small Entities

The data collection effort does not involve small businesses or other small entities.

6. Consequences of Collecting the Information Less Frequently

In accordance with 45 CFR §98.17 Tribal Lead Agencies are required to provide a Plan that describes the entire child care program in detail biennially.

7. Special Circumstances Relating to the Guidelines of 5 CFR 1320.5

The collection of information will be conducted in accordance with 5 CFR 1320.5.

8. Comments in Response to the Federal Register Notice and Efforts to Consult Outside the Agency.

The Office of Child Care's (OCC) notice soliciting comments on this information collection was published in the Federal Register on October 16, 2012 at 77 FR, page 63319. OCC also sent an email message to Tribal Lead Agencies notifying them of the October 16, 2012 Federal Register notice and included electronic copies of the draft Tribal Plan Preprint. OCC received comments on the CCDF Plan Preprint for Tribal program from 5 entities/organizations. Informally, OCC facilitated a face-to-face meeting with a national tribal organization (National Indian Child Care Association) and convened a national tribal conference call with CCDF Tribal grantees to discuss the proposed changes and solicit feedback.

The comments received were extremely helpful and represented a range of stakeholders, including representatives from a national tribal association, a large CCDF Tribal grantee.

The major themes for the comments were:

- Requests for clarification, definitions and guidance to improve Tribe's understanding of what is being requested and what is required.
- Requests for additional clarification, guidance and definitions with a focus on items where there is a potential increased need for technical assistance.
- Requests for additional guidance in Section 3 regarding Direct Child Care Services and in Section 6 regarding Health and Safety standards.
- Request that narrative boxes be added in some sections to allow grantees to describe their activities.

The Office of Child Care made the following changes in response to the comments:

- o CCDF Program Integrity and Accountability (Section 1.6) Revised to provide clarification and include narrative boxes (if needed) to allow Tribes to describe activities.
- o Child Care Services Offered (Section 3). Revised to reinsert language from FY 2012-2013 Tribal Plan. Commenters stated the section was better organized in previous Plan.
- o Activities and Services to Improve the Quality of Child Care (Section 5). Revisions to include narrative boxes (if needed) for Tribes to describe quality improvement activities.
- o Health and Safety (Section 6). Revised section to allow Tribes to more accurately provide information on the health and safety standards, to include whether the Tribe developed their own Tribal standards, or adopted the HHS Minimum Tribal Child Care Standards or State standards.

The attached draft incorporates the revisions based on the comments and OCC discussions.

Tribal Lead Agencies are afforded continuous opportunities for input into the design of the Tribal Plan Preprint. The OCC conducts training sessions, facilitates workshops and delivers individualized technical assistance to CCDF administrators across the country. Through this technical assistance, OCC maintains ongoing communication with grantees; receiving feedback and suggestions from them, as well as providing information. Their input is considered whenever changes to program requirements are considered.
