

framework for management, use, and development of the National Historic Site for the next 15 to 20 years. It presents and analyzes three alternatives:

- Alternative A (no action) provides a baseline for evaluating changes and impacts of the two action alternatives.
- Alternative B would greatly expand the scope of the National Historic Site's partnerships through greater partner involvement in interpretation of the Roanoke Voyages. The NPS staff would interpret other National Historic Site stories. This alternative encourages more on-site experiences through partnerships and through additional interpretive efforts, marketing, and facilities.

- Alternative C, the NPS preferred alternative, would increase our research on the site's history, archeology, inhabitants and events with emphasis on interpretive themes and preservation. As a result of our expanded research and coordination with other research organizations and agencies, visitors would benefit by gaining increased knowledge of the National Historic Site and its multiple cultural and natural themes. This alternative would respond to the mandates of Public Law 101-603, which broadened the interpretive and resource preservation purpose of the National Historic Site.

The three alternatives are described in detail in chapter 2 of the Draft EIS/GMP. Chapter 4 details the key impacts of implementing the three alternatives.

Before including your address, phone number, email address, or other personal identifying information in your comment, please be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: March 25, 2013.

Gordon Wissinger,

Acting Regional Director, Southeast Region.

BILLING CODE 4310-JD-P

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

[OMB Control Number 1029-0117]

Notice of Proposed Information Collection

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to request renewed approval from the Office of Management and Budget to continue collecting information for Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information. The information collection request describes the nature of the information collection and its expected burden and cost.

DATES: Comments on the proposed information collection must be received by June 3, 2013, to be assured of consideration.

ADDRESSES: Comments may be mailed to John Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave NW., Room 203—SIB, Washington, DC 20240. Comments may also be submitted electronically to jtrelease@osmre.gov.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request contact John Trelease, at (202) 208-2783 or by email at jtrelease@osmre.gov.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8 (d)]. This notice identifies an information collection that OSM will be submitting to OMB for extension. This collection is contained in 30 CFR Part 778—Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information.

OSM has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on reestimates of burden or respondents. OSM will request a 3-year term of approval for each information collection activity.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 1029-0117 and is displayed at 30 CFR 778.8. Responses are required to obtain a benefit.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of

the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will be included in OSM's submissions of the information collection request to OMB.

Title: 30 CFR Part 778—Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information.

OMB Control Number: 1029-0117.

Summary: Section 507(b) of P.L. 95-87 provides that persons conducting coal mining activities submit to the regulatory authority all relevant information regarding ownership and control of the mining company, their compliance status and history, and authority to mine the property. This information is used to insure all legal, financial and compliance requirements are satisfied prior to issuance or denial of a permit.

Bureau Form Number: None.

Frequency of Collection: Once.

Description of Respondents: Surface coal mining permit applicants and State regulatory authorities.

Total Annual Responses: 3,223.

Total Annual Burden Hours: 9,119.

Total Non-labor Costs: \$0.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: March 26, 2013.

Andrew F. DeVito,

Chief, Division of Regulatory Support.
