

Justification for Non-Substantive Change Request

Title: EOIR Form 29, Notice of Appeal to the Board of Immigration Appeals from a Decision of a USCIS Officer.

OMB control Number: EOIR-29: 1125-0010

The non-substantive changes to the form were made to address functionality concerns that impact the way the customer interacts with the form online. The changes include: 1) check boxes made visible on the form when the form is printed and 2) the alien-beneficiary's information section made fillable.
