T7. Revenue.

T7.1 Revenue Projection.

In order for us to determine the amount of insurance that would not unreasonably distort the sales price of your Technology, we need you to provide us with three (3)-year projected (prospective) revenue estimates for your Technology - all assuming that your Technology is approved under the SAFETY Act. The three-year period should include your current fiscal year, if incomplete, and two subsequent years.

¹ Please indicate whether the policy(ies) has a different limit or deductible/self-insured retention for terrorist acts than the general policy limit and, if so, provide both.

² Insurance premium: If possible, please indicate what percentage of the premium is allotted to coverage for acts of terrorism.

If you do not have current year sales for your Technology, please provide us with three (3)-year projected revenue data.

The revenue data needs only to pertain to your Technology and the numbers need only be summarized data (that is, we do not require the revenue sources to be itemized). The revenue data should be matched with summarized cost data (e.g., cost of goods sold); as with the revenue data, we do not require breakdown of data by cost centers.

T7.2 Financial Data

Certain financial information regarding your company and projected/prospective Technology revenue may be particularly relevant to the application process. This is particularly true when questions arise as to whether insurance costs for specified coverage limits unduly distort the price of your Technology. We may request additional financial information from the Applicant if necessary.

T8. Please provide information regarding the described transfer’s effect on the QATT’s safety or efficacy, or risk(s) associated with its deployment.

If POCs are provided as sources of information or testimonials, check below to indicate that you have contacted them and that they are expecting to hear from DHS related to your Technology. Also, indicate below what information we should expect from each POC.

The POCs are expecting contact from DHS. The information the POC can provide or verify is:

Enter the name of the current Seller of the QATT you wish to transfer.

Item T2. QATT Information

Item T2.1. QATT Name

Enter the name of the QATT as it appears in the Seller's most recent correspondence with the Office of SAFETY Act Implementation (OSAI).

Item T2.2. QATT Application Identification Number

Enter the Application Identification Number of the original Designation for this QATT.

Transferee Information

Item T3. Name

Enter the registration name of the Transferee. This should be the company or business unit name used by the Transferee to register as a Seller. The recipient of the transfer must be registered with OSAI before the transfer can take place. See Chapter 2 of this kit for detailed instructions on how to register. Registration with OSAI does not commit the registrant to any further actions.

Item T3.2. Place of Incorporation

Identify the place where the transferee is incorporated.

Item T3.3. Company Description

Provide an overview of your company, description of your business including number of employees and office location associated with production of newly acquired QATT.

Description of Transfer

Item T4. Effective Date of Transfer of Rights

Enter the date that the Transferee acquired the right to sell the QATT or the proposed date if that has not yet occurred. Use month/date/year format.

Item T5. Brief Description

Summarize the nature and terms of the transfer agreement. What rights (if any) does the current Seller retain? What rights are transferred to the Transferee?

Item T6. Insurance

In order for SAFETY Act protections to transfer, the Transferee must meet any special conditions associated with the Designation and/or Certification. In addition, the Transferee must meet the obligation to maintain insurance as set forth in the SAFETY Act Designation issued to the Transferor.

For item 6a., provide the name of the company identified as the primary insured for the relevant current policy. If you are an additional insured instead of the primary policy holder, please identify the primary insured and each other firm identified as an additional named insured in item 16.1.b.

In item 6k., specify the type of terrorism coverage provided under the referenced policy(ies) (e.g., Terrorism Risk Insurance Extension Act, as amended, other coverage, no terrorism exclusion). Please specify the overall and per-occurrence limits that would apply to the terrorism coverage.

Item T7. Revenue

Item T7.1. Revenue Projection

Please provide us with three (3)-year projected (prospective) revenue data for your Technology. The three-year period should include the current fiscal year, if incomplete, and two subsequent years (best estimate). If you do not have current year sales data for your Technology, please provide us with best estimate projections for the three years following the launch of the Technology. The SAFETY Act requires Sellers of anti-terrorism technologies to obtain liability insurance of such types and in such amounts to satisfy otherwise compensable third-party claims arising out of, relating to, or resulting from an act of terrorism when a Technology has been deployed in defense against, response to, or recovery from an act of terrorism.

Technology revenue projections are of particular relevance in the application process. This is true when questions arise as to whether insurance costs unduly distort the price of your Technology.

Item T7.2. Financial Data

Certain financial data may be used in the process for analyzing the appropriate amount of insurance coverage for your particular Technology. This is particularly true when questions arise as to whether insurance costs unduly distort the price of your Technology. Accordingly, you may be asked to provide certain financial data to OSAI as part of your application. If this is the case, OSAI will not demand financial information when it is not necessary for a particular application, and will not disclose sensitive or proprietary information outside the application process. Applicants may wish to provide financial data relating exclusively to the Technology.

Item T8. Effect

Please describe the effect the transfer will have on the QATT's safety or efficacy and provide any available supporting information.

If POCs are provided as sources of information or testimonials, please indicate that you have contacted them and that they are expecting to hear from DHS related to your Technology. Also, indicate what information we should expect from each POC.

Declarations

An authorized agent of the current Seller and an authorized agent of the Transferee must sign and date this form before submitting it to OSAI. For electronic or Web submissions, follow the instructions provided at safetyact.gov.
