J ...

- (4) Special-purpose facilities. For the repair of facilities used for the study. management, protection or enhancement of fish and wildlife resources and habitats and related recreational projects; air and water navigation aids and devices and access thereto; and facilities used for scientific research, including but not limited to aeronautical, atmospheric, space, geologic, marine, fish and wildlife and other research, development, and applications; and, nonstructural facilities that are designed to mimic, enhance or restore natural shoreline stabilization systems:
- (i) Consultation in accordance with § 206.348 shall be accomplished:
- (ii) No such facility may be repaired. reconstructed, or replaced unless it is otherwise consistent with the purposes of CBRA in accordance with §206.349.
- (5) Other public facilities. For the repair, reconstruction, or replacement of publicly owned or operated roads. structures, or facilities that do not fall within the categories identified in paragraphs (c)(1), (2), (3), and (4) of this section:
- (i) No such facility may be repaired. reconstructed, or replaced unless it is an "existing facility:"
- (ii) Expansion of the facility beyond its predisaster design is not permitted: (iii) Consultation in accordance with

§ 206.348 shall be accomplished:

- (iv) No such facility may be repaired, reconstructed, or replaced unless it is otherwise consistent with the purposes of CBRA in accordance with §206.349.
- (6) Private nonprofit facilities. For eligible private nonprofit facilities as defined in these regulations and of the type described in paragraphs (c)(1), (2), (3), and (4) of this section:
- (i) Consultation in accordance with § 206.348 shall be accomplished.
- (ii) No such facility may be repaired. reconstructed, or replaced unless it is otherwise consistent with the purposes of CBRA in accordance with § 206.349.
- (7) Improved project. An improved project may not be approved for a facility in the CBRS if such grant is to be combined with other funding, resulting in an expansion of the facility beyond the predisaster design. If a facility is exempt from the expansion prohibitions of CBRA by vartue of falling into

one of the categories identified in her graph (c)(1), (2), (3), or (4) of this tion, then an improved project for sa facilities is not precluded.

(8) Alternate project. A new or larged facility may not be construct on a unit of the CBRS under the most sions of the Stafford Act unless the f cility is exempt from the expansion prohibition of CBRA by virtue of the ing into one of the categories identification in paragraph (c)(1), (2), (3), or (4) of the Co. P. Land section.

### § 206.348 Consultation.

94 St 2 As required by section 6 of the CER the FEMA Regional Administrator will consult with the designated represents tive of the Department of the Intert (DOI) at the regional level before proving any action involving permanent nent restoration of a facility or state ture on or attached to a unit of all CBRS.

- (a) The consultation shall be by with ten memorandum to the DOI represe ative and shall contain the following
- (1) Identification of the unit with the CBRS:
- (2) Description of the facility and the proposed repair or replacement including identification of the facility as an exception under section as CBRA; and full justification of its tus as an exception:
- (3) Amount of proposal Federal fund ing: terminal a
- (4) Additional mitigation measure required: and
- (5) A determination of the action consistency with the purposes CBRA, if required by these regulation in accordance with § 206.349.
- (b) Pursuant to FEMA understanding with DOI, the DOI representative will provide technical information and opinion whether or not the provide action meets the criteria for a CHI exception, and on the consistence the action with the purposes of CHA (when such consistency is required DOI is expected to respond within working days from the date of FEMA request for consultation in the sponse is not received within the limit, the FEMA Regional Admitrator shall contact the DOI repre ative to determine if the reques consultation was received in a time

manner. If it was not, an appropriate extension for response will be given. Pharwise, he or she may assume DOI conductance and proceed with approval bittie proposed action.

Const DOI representative believes that proposed action should not be and the matter cannot be reved at the regional level, the FEMA dinal Administrator will submit heissne to the Director, Office of En-Fronmental Planning and Historic Preservation. Mitigation Directorate. In coordination with the Office of Chief Counsel (OCC), consultation will be ac-Girmlished at the FEMA National Ofwith the DOI consultation officer. this consultation, the Director, Office of Environmental Planning and Figuric Preservation, Mitigation Didetermines whether or not to approve the proposed action.

### 1264349 Consistency determinations.

Section 6(a)(6) of CBRA requires that main actions be consistent with the cses of that statute if the actions to be carried out on a unit of the The purpose of CBRA, as stated estion: 2(b) of that statute, is to indicate the loss of human life, wastefollownenditure of Federal revenues, the damage to fish, wildlife, and organia however associated with coastal barriers along with Atlan-Gulf coasts. For those actions consistency determination is niced, the FEMA Regional Adminisir shall evaluate the action accordthe following procedures, and avaluation shall be included in the then request for consultation with no and en

Inpact identification. FEMA shall tify impacts of the following types onld result from the proposed ac-

200 Risks to human life;

Risks of damage to the facility repaired or replaced;

Risks of damage to other facili-

Risks of damage to fish, wildlife, other natural resources:

**Enndition** of existing development and hy the facility and the degree to its redevelopment would be enraged; and

- (6) Encouragement of new development.
- (b) Mitigation. FEMA shall modify actions by means of practicable mitigation measures to minimize adverse effects of the types listed in paragraph (a) of this section.
- (c) Conservation. FEMA shall identify practicable measures that can be incorporated into the proposed action and will conserve natural and wildlife resources.
- (d) Finding. For those actions required to be consistent with the purposes of CBRA, the above evaluation must result in a finding of consistency with CBRA by the Regional Administrator before funding may be approved for that action.

### §§ 206,350-206,359 [Reserved]

### Subpart K—Community Disaster Loans

SOURCE: 55 FR 2314, Jan. 23, 1990, unless otherwise noted.

### § 206.360 Purpose.

This subpart provides policies and procedures for local governments and State and Federal officials concerning the Community Disaster Loan program under section 417 of the Stafford Act. Sections 206.360 through 206.367 of the subpart do not implement the Community Disaster Loan Act of 2005. (see § 206.370).

[70 FR 60446, Oct. 18, 2005]

### §206.361 Loan program.

- (a) General. The Assistant Administrator for the Disaster Assistance Directorate may make a Community Disaster Loan to any local government which has suffered a substantial loss of tax and other revenues as a result of a major disaster and which demonstrates a need for Federal financial assistance in order to perform its governmental functions.
- (b) Amount of loan. The amount of the loan is based upon need, not to exceed 25 percent of the operating budget of the local government for the fiscal year in which the disaster occurs, but shall not exceed \$5 million. The term fiscal year as used in this subpart

means the local government's fiscal

- (c) Interest rate. The interest rate is the rate for five year maturities as determined by the Secretary of the Treasury in effect on the date that the Promissory Note is executed. This rate is from the monthly Treasury schedule of certified interest rates which takes into consideration the current average yields on outstanding marketable obligations of the United States, adjusted to the nearest 1/2 percent.
- (d) Time limitation. The Assistant Administrator for the Disaster Assistance Directorate may approve a loan in either the fiscal year in which the disaster occurred or the fiscal year immediately following that year. Only one loan may be approved under section 417(a) for any local government as the result of a single disaster.
- (e) Term of loan. The term of the loan is 5 years, unless otherwise extended by the Assistant Administrator for the Disaster Assistance Directorate. The Assistant Administrator for the Disaster Assistance Directorate may consider requests for an extensions of loans based on the local government's financial condition. The total term of any loan under section 417(a) normally may not exceed 10 years from the date the Promissory Note was executed. However, when extenuating circumstances exist and the Community Disaster Loan recipient demonstrates an inability to repay the loan within the initial 10 years, but agrees to repay such loan over an extended period of time, additional time may be provided for loan repayment. (See  $\S 206.367(c)$ .)
- (f) Use of loan funds. The local government shall use the loaned funds to carry on existing local government functions of a municipal operation character or to expand such functions to meet disaster-related needs. The funds shall not be used to finance capital improvements nor the repair or restoration of damaged public facilities. Neither the loan nor any cancelled portion of the loans may be used as the nonFederal share of any Federal program, including those under the Act.
- (g) Cancellation. The Assistant Administrator for the Disaster Assistance Directorate shall cancel repayment of all or part of a Community Disaster

Loan to the extent that he/she-debe mines that revenues of the local gun ernment during the 3 fiscal years for lowing the disaster are insufficient in meet the operating budget of that local government because of disaster related revenue losses and additional unreinbursed disaster-related municipal open ating expenses.

(h) Relation to other assistance. And community disaster loans including cancellations made under this submert shall not reduce or otherwise affect. any commitments, grants, or other assistance under the Act or these regulations. - A - 14

[55 FR 2314, Jan. 23, 1990, as amended at 65 FR 22445, May 4, 2001] A. L.

10

### § 206.362 Responsibilities.

- (a) The local government shall submit the financial information required by FEMA in the application for a Community Disaster Loan and in the application for loan cancellation, if submitted, and comply with the assurances on the application, the terms and conditions of the Promissory Note, and these regulations. The local government shall send all loan application loan administration, loan cancellation and loan settlement correspondence through the GAR and the FEMA Regional Office to the FEMA Assistant Administrator for the Disaster Assist ance Directorate. .....
- (b) The GAR shall certify on the loan application that the local government can legally assume the proposed in debtedness and that any proceeds will be used and accounted for in compliance with the FEMA-State Agreement for the major disaster. States are ancouraged to take appropriate pre-disaster action to resolve any existing State impediments which would preclude a local government from incurring the increased indebtedness associaated with a loan in order to avoid protracted delays in processing loan application requests in major disasters or emergencies. · 275
- (c) The Regional Administrator and designee shall review each loan application or loan cancellation request received from a local government to:ansure that it contains the required documents and transmit the application to the Assistant Administrator for the

ester Assistance Directorate. He/she submit appropriate recommendathe Assistant Administrator the Disaster Assistance Direc-**410**2.25577

Assistant Administrator for Digaster Assistance Directorate, or designee, shall execute a Promissory with the local government, and FEMA Finance Center. shall ad-" mister/the loan until repayment or cellation is completed and the Marissory Note is discharged.

a) The Assistant Administrator for Disaster Assistance Directorate or lenee shall approve or disapprove abloan request, taking into considtion the information provided in the government's request and the recmendations of the GAR and the Remat Administrator. The Assistant dministrator for the Disaster Assist-Directorate or designee shall apnave or disapprove a request for loan capallation in accordance with the oriteria for cancellation in these regu-

o The Chief Financial Officer shall tahlish and maintain a financial account for each outstanding loan and mahurse funds against the Promissory ote.

### #106:363 Eligibility criteria.

(a) Local government. (1) The local warnment must be located within the ges designated by the Assistant Administrator for the Disaster Assistance Directorate as eligible for assistance ander a major disaster declaration. In Midition. State law must not prohibit the local government from incurring the indebtedness resulting from a Fed-

fal loan.

(2) Criteria considered by FEMA in determining the eligibility of a local government for a Community Disaster man include the loss of tax and other revenues as result of a major disaster. demonstrated need for financial asmistance in order to perform its governmental functions, the maintenance of annual operating budget, and the reponsibility to provide essential municipal operating services to the community. Eligibility for other assistance under the Act does not, by itself, estab-Hab entitlement to such a loan.

(b) Loan eligibility-(1) General. To be eligible, the local government must show that it may suffer or has suffered a substantial loss of tax and other revenues as a result of a major disaster or emergency, must demonstrate a need for financial assistance in order to perform its governmental functions, and must not be in arrears with respect to any payments due on previous loans. Loan eligibility is based on the financial condition of the local government and a review of financial information and supporting documentation accompanying the application.

(2) Substantial loss of tax and other revenues. The fiscal year of the disaster or the succeeding fiscal year is the base period for determining whether a local government may suffer or has suffered a substantial loss of revenue. Criteria used in determining whether a local government has or may suffer a substantial loss of tax and other revenue include the following disaster-related

factors:

(i) Whether the disaster caused a large enough reduction in cash receipts from normal revenue sources, excluding borrowing, which affects significantly and adversely the level and/or categories of essential municipal services provided prior to the disaster;

(ii) Whether the disaster caused a revenue loss of over 5 percent of total revenue estimated for the fiscal year in which the disaster occurred or for the succeeding fiscal year;

- (3) Demonstrated need for financial assistance. The local government must demonstrate a need for financial assistance in order to perform its governmental functions. The criteria used in making this determination include the following: .
- (i) Whether there are sufficient funds to meet current fiscal year operating requirements:
- (ii) Whether there is availability of cash or other liquid assets from the prior fiscal year:
- (iii) Current financial condition considering projected expenditures for governmental services and availability of other financial resources:
- (iv) Ability to obtain financial assistance or needed revenue from State and other Federal agencies for direct program expenditures;

- (v) Debt ratio (relationship of annual receipts to debt service);
- (vi) Ability to obtain financial assistance or needed revenue from State and other Federal agencies for direct program expenditures;
- (vii) Displacement of revenue-producing business due to property destruction;
- (viii) Necessity to reduce or eliminate essential municipal services; and
- (ix) Danger of municipal insolvency.
- (55 FR 2314, Jan. 23, 1990, as amended at 66 FR 22445, May 4, 2001)

### § 206.364 Loan application.

- (a) Application. (1) The local government shall submit an application for a Community Disaster Loan through the GAR. The loan must be justified on the basis of need and shall be based on the actual and projected expenses, as a resuit of the disaster, for the fiscal year in which the disaster occurred and for the 3 succeeding fiscal years. The loan application shall be prepared by the affected local government and be approved by the GAR. FEMA has determined that a local government, in applying for a loan as a result of having suffered a substantial loss of tax and other revenue as a result of a major disaster, is not required to first seek credit elsewhere (see § 206.367(c)).
- (2) The State exercises administrative authority over the local government's application. The State's review should include a determination that the applicant is legally qualified, under State law, to assume the proposed debt, and may include an overall review for accuracy for the submission. The Governor's Authorized Representative may request the Regional Administrator to waive the requirement for a State review if an otherwise eligible applicant is not subject to State administration authority and the State cannot legally participate in the loan application process.
- (b) Financial requirements. (1) The loan application shall be developed from financial information contained in the local government's annual operating budget (see § 206.364(b)(2)) and shall include a Summary of Revenue Loss and Unreimbursed Disaster-Related Expenses, a Statement of the Applicant's Operating Results—Cash Posi-

- tion, a Debt History, Tax Assessment Data, Financial Projections, Other Information, a Certification, and the Assurances listed on the application.
- (i) Copies of the local government's financial reports (Revenue and Expense and Balance Sheet) for the 3 fiscally years immediately prior to the fiscally ear of the disaster and the applicant's most recent financial statement must accompany the application. The local government's financial reports to be submitted are those annual (or insterim) consolidated and/or individual official annual financial presentations for the General Fund and all other funds maintained by the local government.
- (ii) Each application for a Commuinity Disaster Loan must also include:
- (A) A statement by the local government identifying each fund (i.e. General Fund, etc.) which is included as its annual Operating budget, and
- (B) A copy of the pertinent State statutes, ordinance, or regulations which prescribe the local government's system of budgeting, accounting and financial reporting, including a description of each fund account.
- (2) Operating budget. For loan application purposes, the operating budget is that document or documents approved by an appropriating body, which contains an estimate of proposed expenditures, other than capital outlays for fixed assets for a stated period of times and the proposed means of financing the expenditures. For loan cancellation purposes, FEMA interprets the term "operating budget" to mean actual revenues and expenditures of the local government as published in the official financial statements of the local government.
- (3) Operating budget increases. Budget increases due to increases in the level of, or additions to, municipal services not rendered at the time of the disaster or not directly related to the disaster shall be identified.
- (4) Revenue and assessment information. The applicant shall provide information concerning its method of tax assessment including assessment dates, and the dates payments are due. Tax revenues assessed but not collected, or

other revenues which the local government chooses to forgive, stay, or otherwise not exercise the right to collect, are not a legitimate revenue loss for purposes of evaluating the loan application.

(6) Estimated disaster-related expense. Unreimbursed disaster-related expenses of a municipal operating character should be estimated. These are officused in § 206.366(b).

- (c) Federal review. (1) The Assistant Administrator for the Disaster Assistance Directorate or designee shall approve a community disaster loan to the extent it is determined that the local government has suffered a substantial loss of tax and other revenues and demonstrates a need for financial assistance to perform its governmental function as the result of the disaster.
- i(2) Resubmission of application. If a loan application is disapproved, in whole or in part, by the Assistant Administrator for the Disaster Assistance Directorate because of inadequacy of information, a revised application may be resubmitted by the local government within sixty days of the date of the disapproval. Decision by the Assistant Administrator for the Disaster Assistance Directorate on the resubmission is final.
- (d) Community disaster loan. (1) The loan shall not exceed the lesser of:
- (i) The amount of projected revenue loss plus the projected unreimbursed disaster-related expenses of a municipal operating character for the fiscal year of the major disaster and the subsequent 3 fiscal years, or

(ii) 25 percent of the local government's annual operating budget for the flacal year in which the disaster oc-

curred.

(2) Promissory note. (i) Upon approval of the loan by the Assistant Administrator for the Disaster Assistance Directorate or designee, he or she, or a designated Loan Officer will execute a Promissory Note with the applicant. The Note must be co-signed by the State (see §206.364(d)(2)(ii)). The applicant should indicate its funding requirements on the Schedule of Loan Increments on the Note.

(ii) If the State cannot legally cosign the Promissory Note, the local government must pledge collateral security,

acceptable to the Assistant Administrator for the Disaster Assistance Directorate, to cover the principal amount of the Note. The pledge should be in the form of a resolution by the local governing body identifying the collateral security.

[55 FR 2314, Jan. 23, 1990, as amended at 74 FR 15351, Apr. 3, 2009]

### § 206.365 Loan administration.

- (a) Funding. (1) FEMA will disburse funds to the local government when requested, generally in accordance with the Schedule of Loan Increments in the Promissory Note. As funds are disbursed, interest will accrue against each disbursement.
- (2) When each incremental disbursement is requested, the local government shall submit a copy of its most recent financial report (if not submitted previously) for consideration by FEMA in determining whether the level and frequency of periodic payments continue to be justified. The local government shall also provide the latest available data on anticipated. and actual tax and other revenue collections. Desired adjustments in the disbursement schedule shall be submitted in writing at least 10 days prior. to the proposed disbursement date in order to ensure timely receipt of the funds. A sinking fund should be established to amortize the debt.
- (b) Financial management. (1) Each local government with an approved Community Disaster Loan shall establish necessary accounting records, consistent with local government's financial management system, to account for loan funds received and disbursed and to provide an audit trail.
- (2) FEMA auditors, State auditors, the GAR, the Regional Administrator, the Assistant Administrator for the Disaster Assistance Directorate, and the Comptroller General of the United States or their duly authorized representatives shall, for the purpose of audits and examination, have access to any books, documents, papers, and records that pertain to Federal funds, equipments, and supplies received under these regulations.
- (c) Loan servicing. (1) The applicant annually shall submit to FEMA copies

of its annual financial reports (operating statements, balance sheets, etc.) for the fiscal year of the major disaster, and for each of the 3 subsequent fiscal years.

(2) The Disaster Assistance Directorate, will review the loan periodically. The purpose of the reevaluation is to determine whether projected revenue losses, disaster-related expenses, operating budgets, and other factors have changed sufficiently to warrant adjustment of the scheduled disbursement of the loan proceeds.

(3) The Disaster Assistance Directorate, shall provide each loan recipient with a loan status report on a quarterly basis. The recipient will notify FEMA of any changes of the responsible municipal official who executed the Promissory Note.

(d) Inactive loans. If no funds have been disbursed from the Treasury, and if the local government does not anticipate a need for such funds, the note may be cancelled at any time upon a written request through the State and Regional Office to FEMA. However, since only one loan may be approved, cancellation precludes submission of a second loan application request by the same local government for the same disaster.

### § 206.366 Loan cancellation.

(a) Policies. (1) FEMA shall cancel repayment of all or part of a Community Disaster Loan to the extent that the Assistant Administrator for the Disaster Assistance Directorate determines that revenues of the local government during the full three fiscal year period following the disaster are insufficient, as a result of the disaster. to meet the operating budget for the local government, including additional unreimbursed disaster-related expenses for a municipal operating character. For loan cancellation purposes, FEMA interprets that term operating budget to mean actual revenues and expenditures of the local government as published in the official financial statements of the local government.

(2) If the tax and other revenues rates or the tax assessment valuation of property which was not damaged or destroyed by the disaster are reduced during the 3 fiscal years subsequent to the major disaster, the tax and other revenue rates and tax assessment valuation factors applicable to such property in effect at the time of the major disaster shall be used without reduction for purposes of computing revenues received. This may result in the creasing the potential for loan cause cellations.

(3) If the local government's fiscal, year is changed during the "full 3 year period following the disaster" the socual period will be modified so that the required financial data submitted covers an inclusive 36-month period.

(4) If the local government transfers funds from its operating funds for counts to its capital funds account utilizes operating funds for other than routine maintenance purposes, or significantly increases expenditures which are not disaster related, except increases due to inflation, the annual operating budget or operating statement expenditures will be reduced accordingly for purposes of evaluating any request for loan cancellation.

(5) It is not the purpose of this loan program to underwrite predisaster budget or actual deficits of the local government. Consequently, such deficits carried forward will reduce any amounts otherwise eligible for loan cancellation.

(b) Disaster-related expenses of a municipal operation character. (1) For purpose of this loan, unreimbursed expenses of a municipal operating character are those incurred for general government purposes, such as police and fire protection, trash collection collection of revenues, maintenance of public facilities, flood and other hazard insurance, and other expenses normally budgeted for the general fund, as defined by the Municipal Finance Officers Association.

(2) Disaster-related expenses do not include expenditures associated with debt service, any major repairs, building, replacement or reconstruction of public facilities or other capital projects, intragovernmental services, special assessments, and trust and agency fund operations. Disaster expenses which are eligible for rain bursement under project applications or other Federal programs are not eligible for loan cancellation.

(3): Each applicant shall maintain records including documentation necessary to identify expenditures for unminibursed disaster-related expenses. Brainples of such expenses include but are not limited to:

(I) Interest paid on money borrowed to pay amounts FEMA does not advance toward completion of approved Project Applications.

(ii) Unreimbursed costs to local governments for providing usable sites with utilities for mobile homes used to meet disaster temporary housing requirements.

(iii) Unreimbursed costs required for police, and fire protection and other community services for mobile home person established as the result of or for the following a disaster.

(12) The cost to the applicant of flood insurance required under Public Law 93-234, as amended, and other hazard insurance required under section 311, Public Law 93-238, as amended, as a condition of Federal disaster assistance for the disaster under which the loan is apthorized.

(4) The following expenses are not considered to be disaster-related for community Disaster Loan purposes:

(i). The local government's share for assistance provided under the Act including flexible funding under section 406(c)(1) of the Act.

(ii) Improvements related to the repair or restoration of disaster public facilities approved on Project Applications.

which no Federal reimbursement is requested as a part of the applicant's dissister response commitment, or cost sharing as specified in the FEMA-State Agreement for the disaster.

(iv) Expenses incurred by the local rovernment which are reimbursed on the applicant's project application.

(a) Cancellation application. A local government which has drawn loan things from the Treasury may request cancellation of the principal and rejuted interest by submitting an Application for Loan Cancellation through the Governor's Authorized Representative to the Regional Administrator prior to the expiration date of the loan.

- (1) Financial information submitted with the application shall include the following:
- (i) Annual Operating Budgets for the fiscal year of the disaster and the 3 subsequent fiscal years;
- (ii) Annual Financial Reports (Revenue and Expense and Balance Sheet) for each of the above fiscal years. Such financial records must include copies of the local government's annual financial reports, including operating statements balance sheets and related consolidated and individual presentations for each fund account. In addition, the local government must include an explanatory statement when figures in the Application for Loan Cancellation form differ from those in the supporting financial reports.

(iii) The following additional information concerning annual real estate property taxes pertaining to the community for each of the above fiscal years:

- (A) The market value of the tax base (dollars):
  - (B) The assessment ratio (percent);
  - (C) The assessed valuation (dollars);
  - (D) The tax levy rate (mils);
- (E) Taxes levied and collected (dollars).
- (iv) Audit reports for each of the above fiscal years certifying to the validity of the Operating Statements. The financial statements of the local government shall be examined in accordance with generally accepted auditing standards by independent certified public accountants. The report should not include recommendations concerning loan cancellation or repayment.
- (v) Other financial information specified in the Application for Loan Cancellation.
- (2) Narrative justification. The application may include a narrative presentation to amplify the financial material accompanying the application and to present any extenuating circumstances which the local government wants the Assistant Administrator for the Disaster Assistance Directorate to consider in rendering a decision on the cancellation request.

- (d) Determination. (1) If, based on a review of the Application for Loan Cancellation and FEMA audit, when determined necessary, the Assistant Administrator for the Disaster Assistance Directorate determines that all or part of the Community Disaster Loan funds should be canceled, the principal amount which is canceled will become a grant, and the related interest will be forgiven. The Assistant Administrator for the Disaster Assistance Directorate's determination concerning loan cancellation will specify that any uncancelled principal and related interest must be repaid immediately and that, if immediate repayment will constitute a financial hardship, the local government must submit for FEMA review and approval, a repayment schedule for settling the indebtedness on timely basis. Such repayments must be made to the Treasurer of the United States and be sent to FEMA. Attention: Chief Financial Officer.
- (2) A loan or cancellation of a loan does not reduce or affect other disaster-related grants or other disaster assistance. However, no cancellation may be made that would result in a duplication of benefits to the applicant.
- (3) The uncancelled portion of the loan must be repaid in accordance with § 206.367.
- (4) Appeals. If an Application for Loan Cancellation is disapproved, in whole or in part, by the Assistant Administrator for the Disaster Assistance Directorate or designee, the local government may submit any additional information in support of the application within 60 days of the date of disapproval. The decision by the Assistance Directorate or designee on the submission is final.

[55 FR 2314, Jan. 23, 1990, as amended at 74 FR 15351, Apr. 3, 2009]

### § 206.367 Loan repayment.

- (a) Prepayments. The local government may make prepayments against loan at any time without any prepayment penalty.
- (b) Repayment. To the extent not otherwise cancelled, Community Disaster Loan funds become due and payable in accordance withithe terms and condi-

tions of the Promissory Note. The note shall include the following provisions:

- (1) The term of a loan made under this program is 5 years, unless extended by the Assistant Administrator for the Disaster Assistance Directorate. Interest will accrue on outstanding cash from the actual date of its disbursement by the Treasury.
- (2) The interest amount due will be computed separately for each Treasury disbursement as follows: I=PxRxTx where I=the amount of simple interest. P=the principal amount disbursed, R=the interest rate of the loan; and T=the outstanding term in years from the date of disbursement to date of repayment, with periods less than 1 year computed on the basis of 365 days/year. If any portion of the loan is cancelled, the interest amount due will be computed on the remaining principal with the shortest outstanding term.
- (3) Each payment made against the loan will be applied first to the interest computed to the date of the payment, and then to the principal. Prepayments of scheduled installments, or any portion thereof, may be made at any time and shall be applied to the installments last to become due under the loan and shall not affect the obligation of the borrower to pay the remaining installments.
- (4) The Assistant Administrator for the Disaster Assistance Directorate may defer payments of principal and interest until FEMA makes its final determination with respect to any Application for Loan Cancellation which the borrower may submit. However, interest will continue to accrue.
- (5) Any costs incurred by the Federal Government in collecting the note shall be added to the unpaid balance of the loan, bear interest at the same rate as the loan, and be immediately due without demand.
- (6) In the event of default on this note by the borrower, the FEMA claims collection officer will take action to recover the outstanding principal plus related interest under Federal debt collection authorities, including administrative offset against other. Federal funds due the borrower and/or referral to the Department of Justice for judicial enforcement and collection.

(c) Additional time. In unusual circumstances involving financial hardarin the local government may request an additional period of time beyond the original 10 year term to repay the indebtedness. Such request may be approved by the Assistant Administrator for the Disaster Assistance Directorate subject to the following conditions:

(1) The local government must submit documented evidence that it has spelied for the same credit elsewhere and that such credit is not available at a rate equivalent to the current Treasury rate.

(2) The principal amount shall be the original uncancelled principal plus related interest.

(3). The interest rate shall be the Tressury rate in effect at the time the new Promissory Note is executed but in no case less than the original interest rate.

(4) The term of the new Promissory Note shall be for the settlement period requested by the local government but not greater than 10 years from the date the new note is executed.

### \$\$206.368-206.369 [Reserved]

### 1206.370 Purpose and scope.

(a) Purpose. Sections 206.370 through 206.377 provide procedures for local governments and State and Federal officials concerning the Special Community Disaster Loans program under section 417 of the Stafford Act (42 U.S.C. 1184), the Community Disaster Loan Act of 2005, Public Law 109-88, and the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006, Public Law 109-234.

(b): Scope. Sections 206.370 through 206.377 apply only to Special Community: Disaster Loans issued under the Community Disaster Loan Act of 2005, Public Law 109-88, and the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006, Public Law 109-234.

776 FR 60446, Oct. 18, 2005, as amended at 75 FR 2817, Jan. 19, 2010]

### 5206.371 Loan program.

(a) General. The Assistant Administrator for the Disaster Assistance Di-

rectorate may make a Special Community Disaster Loan to any local government which has suffered a substantial loss of tax and other revenues as a result of a major disaster and which demonstrates a need for Federal financial assistance in order to provide essential services.

- (b) Amount of loan. The amount of the loan is based upon need, not to exceed 25 percent of the operating budget of the local government for the fiscal year in which the disaster occurs. The term fiscal year as used in this subpart means the local government's fiscal year.
- (c) Interest rate. The interest rate is the rate for five year maturities as determined by the Secretary of the Treasury in effect on the date that the Promissory Note is executed. This rate is from the monthly Treasury schedule of certified interest rates which takes into consideration the current average yields on outstanding marketable obligations of the United States. If an applicant can demonstrate unusual circumstances involving financial hardship. the Assistant Administrator for the Disaster Assistance Directorate may approve a rate equal to the five year maturity rate plus 1 per centum, adjusted to the nearest 1/8 percent, and further reduced by one-half.
- (d) Time limitation. The Assistant Administrator for the Disaster Assistance Directorate may approve a loan in either the fiscal year in which the disaster occurred or the fiscal year immediately following that year.
- (e) Term of loan. The term of the loan is 5 years, unless otherwise extended by the Assistant Administrator for the Disaster Assistance Directorate. The Assistant Administrator for the Disaster Assistance Directorate may consider a request for an extension of a loan based on the local government's financial condition. The total term of any loan under section 417(a) of the Stafford Act normally may not exceed 10 years from the date the Promissory. Note was executed. However, when extenuating circumstances exist and the recipient demonstrates an inability to repay the loan within the initial 10 years, but agrees to repay such loan

over an extended period of time, additional time may be provided for loan repayment (see § 206.377(c)).

(f) Use of loan funds. The local government shall use the loaned funds to assist in providing essential services. The funds shall not be used to finance capital improvements nor the repair or restoration of damaged public facilities. Neither the loan nor any cancelled portion of the loans may be used as the non-Federal share of any Federal program, including those under the Stafford Act.

(g) Relation to other assistance. Any Special Community Disaster Loans including cancellations of loans made under this subpart shall not reduce or otherwise affect any commitments, grants, or other assistance provided under the authority of the Stafford Act or this part.

(h) Cancellation. The Director of the Public Assistance Division shall cancel repayment of all or part of a Special Community Disaster Loan to the extent that he/she determines that revenues of the local government during the three full fiscal years following the disaster are insufficient to meet the operating budget of that local government because of disaster-related revenue losses and additional unreimbursed disaster-related municipal operating expenses.

[70 FR 60446, Oct. 18, 2005, as amended at 75 FR 2817, Jan. 19, 2010]

### § 206.372 Responsibilities.

(a) The local government shall submit the financial information required by FEMA in the application for a Community Disaster Loan or other format specified by FEMA and comply with the assurances on the application, the terms and conditions of the Promissory Note, the application for loan cancellation, if submitted, and §§ 206.370 through 206.377. The local government shall send all loan application, loan administration, loan cancellation, and settlement correspondence through the Governor's Authorized Representative (GAR) and the FEMA Regional Office to the Director of the Public Assistance Division.

(b) The GAR shall certify on the loan application that the local government can legally assume the proposed in-

debtedness and that any proceeds will be used and accounted for in compilance with the FEMA-State Agreement for the major disaster. States are encouraged to take appropriate pre-disaster action to resolve any existing State impediments which would proclude a local government from incurring the increased indebtedness associated with a loan in order to avoid procation requests resulting from major disasters.

(c) The Regional Administrator or designee shall review each loan application or loan cancellation request received from a local government to ensure that it contains the required doors ments and transmit the application to the Director of the Public Assistance Division. He/she may also submit appropriate recommendations to the Director of the Public Assistance Division.

(d) The Director of the Public Assisted ance Division or a designee, shall exact cute a Promissory Note with the local government and shall administer the local nuntil repayment or cancellation is completed and the Promissory Notedia discharged.

(e) The Director of the Public Assistance Division shall approve or disapprove each loan request, taking into consideration the information provided in the local government's request and the recommendations of the GAR and the Regional Administrator. The Director of the Public Assistance Divisions shall approve or disapprove a request for loan cancellation in accordance with the criteria for cancellation in these regulations.

(f) The FEMA Chief Financial Officer, shall establish and maintain a financial account for each outstanding loan, and disburse funds against the Promise sory Note.

[70 FR 60446, Oct. 18, 2005, as amended at 16 FR 2818, Jan. 19, 2010]

### § 206.373 Eligibility criteria.

(a) Local government. (1) The local government must be located within the area eligible for assistance under assistance under assistance under the major disaster declaration. In additions State law must not prohibit the local government from incurring the indebtedness resulting from a Federal loan;

(2) Criteria considered by FEMA in determining the eligibility of a local government for a Special Community Disaster Loan include the loss of tax and other revenues as result of a major disaster, a demonstrated need for financial assistance in order to perform essential governmental functions, the maintenance of an annual operating budget, and the responsibility to provide essential services to the community. Eligibility for other assistance under the Stafford Act does not, by itself, establish entitlement to such a loan.

Rederal Emergency Management Agency, DHS

(b) Loan eligibility—(1) General. To be eligible, the local government must show that it may suffer or has suffered a substantial loss of tax and other revenues as a result of a major disaster or amergency, and it must demonstrate a need for financial assistance in order to provide essential municipal services. Loan eligibility is based on the financial condition of the local government and a review of financial information and supporting documentation accompanying the application.

(2) Substantial loss of tax and other revenues. The fiscal year of the disaster or the succeeding fiscal year is the base period for determining whether a local government may suffer or has suffered substantial loss of revenue. Criteria used in determining whether a local government has or may suffer a substantial loss of tax and other revenue include the following disaster-related factors:

(1) Whether the disaster caused a large enough reduction in cash receipts from normal revenue sources, excluding borrowing, which affects significantly and adversely the level and/or categories of essential services provided prior to the disaster;

\*\*i(ii) Whether the disaster caused a revenue loss of over 5 percent of total revenue estimated for the fiscal year in which the disaster occurred or for the succeeding fiscal year.

istance. The local government must demonstrate a need for financial assistance in order to perform essential governmental functions. The criteria used in making this determination may include some or all of the following factors:

(i) Whether there are sufficient funds to meet current fiscal year operating requirements;

(ii) Whether there is availability of cash or other liquid assets from the prior fiscal year;

(iii) Current financial condition considering projected expenditures for governmental services and availability of other financial resources;

(iv) Ability to obtain financial assistance or needed revenue from State and other Federal agencies for direct program expenditures;

(v) Debt ratio (relationship of annual receipts to debt service);

(vi) Displacement of revenue-producing business due to property destruction:

(vii) Necessity to reduce or eliminate essential services; and

(viii) Danger of municipal insolvency.

[70 FR 60446, Oct. 18, 2005]

### § 206.374 Loan application.

(a) Application. (1) The local government shall submit an application for a Special Community Disaster Loan through the GAR. The loan must be justified on the basis of need and shall be based on the actual and projected expenses, as a result of the disaster, for the fiscal year in which the disaster occurred and for the 3 succeeding fiscal years. The loan application shall be prepared by the affected local government and be approved by the GAR. FEMA has determined that a local government, in applying for a loan as a result of having suffered a substantial loss of tax and other revenue as a result of a major disaster, is not required to first seek credit elsewhere (see § 206.377(c)).

(2) The State exercises administrative authority over the local government's application. The State's review should include a determination that the applicant is legally qualified, under State law, to assume the proposed debt, and may include an overall review for accuracy of the submission. The GAR may request the Regional Administrator to waive the requirement for a State review if an otherwise eligible applicant is not subject to State administration authority and the State

cannot legally participate in the loan application process.

- (b) Financial requirements. (1) The loan application shall be developed from financial information contained in the local government's annual operating budget (see paragraph (b)(2) of this section) and shall include a Summary of Revenue Loss and Unreimbursed Disaster-Related Expenses, a Statement of the Applicant's Operating Results—Cash Position, and certification and assurances requested by the Assistant Administrator for the Disaster Assistance Directorate.
- (i) Copies of the local government's financial reports (Revenue and Expense and Balance Sheet) for the 3 fiscal years immediately prior to the fiscal year of the disaster and the applicant's most recent financial statement must, unless impracticable, accompany the application. The local government's financial reports to be submitted are those annual (or interim) consolidated and/or individual official annual financial presentations for the General Fund and all other funds maintained by the local government.
- (ii) Each application for a Special Community Disaster Loan must also include:
- (A) A statement by the local government identifying each fund (i.e. General Fund, etc.) which is included as its annual Operating budget, and
- (B) A copy of the pertinent State statutes, ordinances, or regulations which prescribe the local government's system of budgeting, accounting and financial reporting, including a description of each fund account.
- (2) Operating budget. For loan application purposes, the operating budget is that document or documents approved by an appropriating body, which contains an estimate of proposed expenditures, other than capital outlays for fixed assets for a stated period of time, and the proposed means of financing the expenditures. For loan cancellation purposes, FEMA interprets the term "operating budget" to mean actual revenues and expenditures of the local government as published in the official financial statements of the local government.
- (3) Operating budget increases. Budget increases due to increases in the level

of, or additions to, municipal services not rendered at the time of the disaster or not directly related to the disaster shall be identified.

- (4) Revenue and assessment information. The applicant shall provide information concerning its method of tax assessment including assessment dates and the dates payments are due.
- (5) Estimated disaster-related expenses Unreimbursed disaster-related penses of a municipal operating character should be estimated.
- (c) Federal review. (1) The Assistant Administrator for the Disaster Assistance Directorate or designee shall approve a Special Community Disaster Loan to the extent it is determined that the local government has suffered a substantial loss of tax and other revenues and demonstrates a need for financial assistance as the result of the disaster to provide essential municipal services.
- (2) Resubmission of application. If a loan application is disapproved, in whole or in part, by the Assistant Administrator for the Disaster Assistance Directorate because of inadequacy of information, a revised application may be submitted by the local government within sixty days of the date of the disapproval. Decision by the Assistant Administrator for the Disaster Assistance Directorate on the resubmission, is
- (d) Special Community Disaster Loan.
  (1) The loan shall not exceed the lesser of:
- (i) The amount of projected revenue loss plus the projected unreimbursed disaster-related expenses of a municipal operating character for the fiscal year of the major disaster and the subsequent 3 fiscal years, or
- (ii) 25 percent of the local government's annual operating budget for the fiscal year in which the disaster occurred.
- (2) Promissory note. (i) Upon approval of the loan by the Assistant Administrator for the Disaster Assistance Directorate or designee, he or she, or sidesignated Loan Officer will execute a Promissory Note with the applicant The Note must be co-signed by the State (see paragraph (d)(2)(ii) of this section). The applicant should indicate

its funding requirements on the Schednie of Loan Increments on the Note.

(ii) If the State cannot legally cosign the Promissory Note, the local government must pledge collateral security, acceptable to the Assistant Administrator for the Disaster Assistance Directorate, to cover the principal amount of the Note. The pledge should be in the form of a resolution by the local governing body identifying the collateral security.

(e) Waiver of requirements. Notwithstanding any other provision of this or other sections promulgated pursuant to Public Law 109-88, the Assistant Administrator for the Disaster Assistance Directorate may, upon the request of an applicant or loan recipient, waive any specific application requirement or mancial reporting requirement (see, e.g. \$206.375(a)(2)) upon a finding by the Assistant Administrator for the Disaster Assistance Directorate that the effects of the major disaster prevent the applicant from fulfilling the application requirement and that waiving the requirements would be consistent with the purposes of the Community Disaster Loan Act of 2005.

70 FB 60446, Oct. 18, 2005, as amended at 75

### \$206.375 Loan administration.

(a) Funding. (1) FEMA will disburse funds to the local government when requested, generally in accordance with the Schedule of Loan Increments in the Promissory Note. As funds are disbursed, interest will accrue against and disbursement.

(2) When each incremental disbursement is requested, the local governmant shall submit a copy of its most recent financial report (if not submitted previously) for consideration by FEMA in determining whether the laval and frequency of periodic payments continue to be justified. The local government shall also provide the latest available data on anticipated and actual tax and other revenue colrections. Desired adjustments in the distursement schedule shall be submitted in writing at least 10 days prior the proposed disbursement date in order to ensure timely receipt of the fonds.

(b) Financial management. (1) Each local government with an approved Special Community Disaster Loan shall establish necessary accounting records, consistent with local government's financial management system, to account for loan funds received and disbursed and to provide an audit trail.

(2) FEMA auditors, State auditors, the GAR, the Regional Administrator, the Assistant Administrator for the Disaster Assistance Directorate, the Department of Homeland Security Inspector General, and the Comptroller General of the United States or their duly authorized representatives shall, for the purpose of audits and examination, have access to any books, documents, papers, and records that pertain to Federal funds, equipments, and supplies received under §§ 206.370 through 206.377.

(c) Loan servicing. (1) The applicant annually shall submit to FEMA copies of its annual financial reports (operating statements, balance sheets, etc.) for the fiscal year of the major disaster, and for each of the 3 subsequent fiscal years.

(2) FEMA will review the loan periodically. The purpose of the reevaluation is to determine whether projected revenue losses, disaster-related expenses, operating budgets, and other factors have changed sufficiently to warrant adjustment of the scheduled disbursement of the loan proceeds.

(3) FEMA shall provide each loan recipient with a loan status report on a quarterly basis. The recipient will notify FEMA of any changes of the responsible municipal official who executed the Promissory Note.

(d) Inactive loans. If no funds have been disbursed from the loan program, and if the local government does not anticipate a need for such funds, the note may be cancelled at any time upon a written request through the State and Regional Office to FEMA.

[70 FR 60446, Oct. 18, 2005]

### § 206.376 Loan cancellation.

(a) FEMA shall cancel repayment of all or part of a Special Community Disaster Loan to the extent that the Director of the Public Assistance Division determines that revenues of the local government during the three-full-

fiscal-year period following the disaster are insufficient, as a result of the disaster, to meet the operating budget for the local government, including additional unreimbursed disaster-related expenses of a municipal operating character.

- (b) Definitions. For loan cancellation purposes.
- (1) "Operating budget" means actual revenues and expenditures of the local government as published in the official financial statements of the local government.
- (2) "Revenue" means any source of income from taxes, fees, fines, and other sources of income, and will be recognized only as they become susceptible to accrual (measurable and available).
- (3) "Three-full-fiscal-year period following the disaster" means either a 36-month period beginning on September 1, 2005, or the 36 months of the applicant's fiscal year as established before the disaster, at the applicant's discretion.
- (4) "Operating expenses" means those expenses and expenditures incurred as a result of performing services, including salaries and benefits, contractual services, and commodities. Capital expenditures and debt service payments and capital leases are not considered operating expenses. Under accrual accounting, expenses are recognized as soon as a liability is incurred, regardless of the timing of related cash flows.
- (c) Revenue Calculation procedures. (1) If the tax rates and other revenues or the tax assessment valuation of property which was not damaged or destroyed by the disaster are reduced during the three full fiscal years subsequent to the major disaster, the tax rates and other revenues and tax assessment valuation factors applicable to such property in effect at the time of the major disaster shall be used without reduction for purposes of computing revenues received.
- (2) At the applicant's discretion, the three-full-fiscal-year period following the disaster is either a 36-month period beginning on September 1, 2005 or the 36 months of the applicant's fiscal year as established before the disaster. If the applicant's fiscal year is changed within the 36 months immediately fol-

lowing the disaster, the actual period will be modified so that the required financial data submitted covers an inclusive 36-month period. Should the applicant elect the 36-month period beginning September 1, 2005, FEMA will prorate the revenues and expenses for the partial years based on the applicant's annual financial statements.

- (3) If the local government transfers funds from its operating funds accounts to its capital funds account, utilizes operating funds for other than routine maintenance purposes, or significantly increases expenditures which are not disaster related, except increases due to inflation, the annual operating budget or operating statement expenditures will be reduced accordingly for purposes of evaluating any request for loan cancellation.
- (4) Notwithstanding paragraph (c)(3) of this section, the amount of property taxes that are transferred to other funds for Debt Service or Pension Obligations funding will not be excluded from the calculation of the operating budget or from expenditures in calculation of the operating deficit, to the extent that the property tax revenues in the General Fund are less than they; were pre-disaster. FEMA will consider the impact of the loss of property tax revenue in Debt Service or Pension Funds (non-operating funds) if all of the following conditions are met:
- (i) The entity experienced a loss of property tax revenue as a result of the disaster and the assessed value during the three years following the disaster in the aggregate, is less than the predisaster assessed value:
- (ii) the entity has a property tax cap, limitation on the ability to raise property taxes post-disaster; and
- (iii) the property taxes are levied: through the General Operating Fund and transfers for obligations mandated by law are made to fund Debt Services or Pension Obligations which result in the entity experiencing a reduction of property tax revenues in the General Fund.
- (5) It is not the purpose of this loans program to underwrite pre-disaster budget or actual deficits of the local government. Consequently, such deficits carried forward will reduce any

amounts otherwise eligible for loan cancellation.

(6) The provisions of this section apply to all Special Community Disaster loans issued from the dates of enactment of Public Law 109-88 and Public Law 109-234.

id) Disaster-related expenses of a municipal operation character. (1) For purposes of this loan, unreimbursed expenses of a municipal operating character are those incurred for general government purposes, including but not limited to police and fire protection, trash collection, collection of revenues, maintenance of public facilities, flood and other hazard insurance.

include expenditures associated with debt service, any major repairs, rebuilding, replacement or reconstruction of public facilities or other capital projects, intragovernmental services, special assessments, and trust and agency fund operations. Disaster expenses which are eligible for reimbursement under project applications or other Federal programs are not eligible for loan cancellation.

(3) Each applicant shall maintain records including documentation necessary to identify expenditures for unceimbursed disaster-related expenses. Examples of such expenses include but are not limited to:

(i) Interest paid on money borrowed to pay amounts FEMA does not advance toward completion of approved Project Applications.

(4f) Unreimbursed costs to local governments for providing usable sites with utilities for mobile homes used to meet disaster temporary housing requirements.

(iii) Unreimbursed costs required for police and fire protection and other community services for mobile home parks established as the result of or for use following a disaster.

(iv) The cost to the applicant of flood insurance required under Public Law 19-224, as amended, and other hazard insurance required under section 311, Public Law 93-288, as amended, as a condition of Federal disaster assistance for the disaster under which the loan is authorized.

(4). The following expenses are not considered to be disaster-related for

Special Community Disaster Loan purposes:

- (i) The local government's share for assistance provided under the Stafford Act including flexible funding under section 406(c)(1) of the Act (42 U.S.C. 5172).
- (ii) Improvements related to the repair or restoration of disaster public facilities approved on Project Applications.
- (iii) Otherwise eligible costs for which no Federal reimbursement is requested as a part of the applicant's disaster response commitment, or cost sharing as specified in the FEMA-State Agreement for the disaster.
- (iv) Expenses incurred by the local government which are reimbursed on the applicant's Project Application.
- (e) Cancellation application. A local government which has drawn loan funds from the U.S. Treasury may request cancellation of the principal and related interest by submitting an Application for Loan Cancellation through the Governor's Authorized Representative to the Regional Administrator prior to the expiration date of the loan.
- (1) Financial information submitted with the application shall include the following:
- (i) Annual Operating Budgets for the fiscal year of the disaster and the three subsequent fiscal years:
- (ii) Annual Financial Reports (Revenue and Expense and Balance Sheet) for each of the above fiscal years. Such financial records must include copies of the local government's annual financial reports, including operating statements and balance sheets and related consolidated, and individual presentations for each fund account. In addition, the local government must include an explanatory statement when figures in the Application for Loan Cancellation form differ from those in the supporting financial reports.
- (iii) The following additional information concerning annual real estate property taxes pertaining to the community for each of the above fiscal years:
- (A) The market value of the tax base (dollars);
- (B) The assessment ratio (percent);
- (C) The assessed valuation (dollars):
