

School Attendance Boundary Survey

Does your district have school attendance boundary information that you are willing to share? Yes/No

If yes, please submit through the School Boundary Digitizer or email us the shape files of attendance boundaries for each of the schools in your district that are listed below.

Alternatively, please submit or send us the electronic or paper maps of attendance boundaries for each of the schools in your district that are listed below.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this voluntary information collection is 1850-XXXX. The time required to complete this information collection is estimated to average 1 hour per district, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate or suggestions for improving this collection, please write to: U.S. Department of Education, Washington, DC 20202-4537. If you have any comments or concerns regarding the status of your individual submission of this data file, write directly to: School Attendance Boundary Survey (SABS), National Center for Education Statistics, 1990 K Street, NW, Washington, DC 20006-1103.

Public School Boundary Collection and Verification System

[FAQ](#)

Welcome to the U.S. Department of Education's National Center for Education Statistics (NCES) Public School Boundary Collection and Verification website. Beginning in September 2013, school districts across the United States will be able to draw, upload, or update previous public school boundaries in a web application designed just for this purpose. The school boundaries will be added to NCES' consolidated geodatabase and will be used to better serve school districts and members of the general public. A registered user for a school district can export their school boundaries as a shapefile or as a map or link to a map of the boundaries from their district or school websites.

BRANDYWINE ELEMENTARY has boundaries submitted for the 2011 - 2012 school year
Do you want to make changes to the boundary for the 2013 - 2014 school year?

The map displays the Brandywine Elementary school boundary in a light blue color. The boundary is irregular and covers a large area in the center of the map. Surrounding areas are shown in various shades of brown and green, representing different terrain and other school boundaries. Labels on the map include 'Waldon Woods Elementary', 'Mattaponi Elementary', 'Potomac Landing Elementary', 'Fort Washington Forest Elementary', 'Accokeek Academy', 'Brandywine Elementary', 'Columbia Park Elementary', and 'Concord Elementary'. Major roads like 223, 373, 228, 925, and 5 are also visible. The map includes a zoom control (+/-) in the top left corner.
