Category of Respondent	No. of Respondents	Participation Time	Burden
Totals	950	5 minutes	80 hours

FEDERAL COST: The estimated annual cost to the Federal government is \$215.91

EIA is using the same survey from previous cycles so there is no cost for creating the survey. EIA has the same template for all of the web customer surveys, so there is minimal cost for uploading. The estimated time for uploading the survey is one hour. Compiling the results of the survey takes two hours. The survey link is automatically sent to conference participants at the end of the conference, so there is no cost associated with this process.

Total: 3 hours * \$71.97 = \$215.91

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:
