Please specify:

~~~Answer is open-ended~~~

**Question 2. What is the most important feature of the *Short Term Energy Outlook* to you?**

*(Choose one of the following)*

- a. Price forecasts and data
- b. Supply/demand forecasts and data
- c. Text discussing current market trends
- d. Text discussing forecast trends
- e. All equally important

**Question 3. EIA is considering publishing the *Short Term Energy Outlook* (STEO) forecast every other month. In the months the STEO forecast is not published, EIA is considering adding a publication that discusses recent market trends driving oil and natural gas prices. How would you view this change?**

*(Choose one of the following)*

- a. Favorable --  (follow-up question) Why did you choose this answer?

*(Choose all that apply)*

- a. While I use the STEO forecast numbers and data tables, a discussion of current market trends would be more valuable to me
- b. I only rely on STEO forecast numbers and data tables on a bimonthly or quarterly basis already, so the new product would add to the slate of products useful to me
- c. I do not currently use the STEO forecast numbers and data tables
- d. Other:
  - Please specify:

~~~Answer is open-ended~~~

- b. Somewhat favorable --  (follow-up question) *Why did you choose this answer?*  
(Choose all that apply)
- a. While I use the STEO forecast numbers and data tables, a discussion of current market trends would be more valuable to me
  - b. I only rely on STEO forecast numbers and data tables on a bimonthly or quarterly basis already, so the new product would add to the slate of products useful to me
  - c. I do not currently use the STEO forecast numbers and data tables
  - d. Other:
    - Please specify:  
~~~Answer is open-ended~~~
- c. Neither favorable or unfavorable
- d. Somewhat unfavorable --  (follow-up question) *Why did you choose this answer?*  
(Choose all that apply)
- a. I rely on monthly publication of the STEO forecast numbers and data tables for the work I do
