Special Nutrition Program Operations Study

SN-OPS

School Food Authority (SFA) Director

Survey 2012–2013

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB number. The valid OMB control number for this information is 0584-0562. The time required to compete this information collection is estimated to average 1.75 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

This survey is being conducted for the Food and Nutrition Service, U.S. Department of Agriculture as part of a study of the National School Lunch Program (NSLP) and School Breakfast Program (SBP) as well as other USDA food programs throughout the country. **All responses will be treated in strict confidence**; no names will be used in our reports, and only aggregated results will be reported.

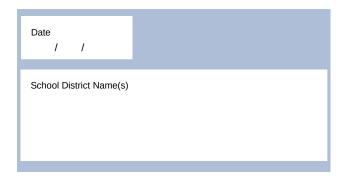

Section 305 of the Healthy, Hunger-Free Kids Act of 2010 states that "States, State educational agencies, local educational agencies, schools, institutions, facilities, and contractors participating in programs authorized under this Act and the Child Nutrition Act of 1966 (42 U.S.C 1771 et seq.) shall cooperate with officials and contractors acting on behalf of the Secretary, in the conduct of evaluations and studies under those Acts."

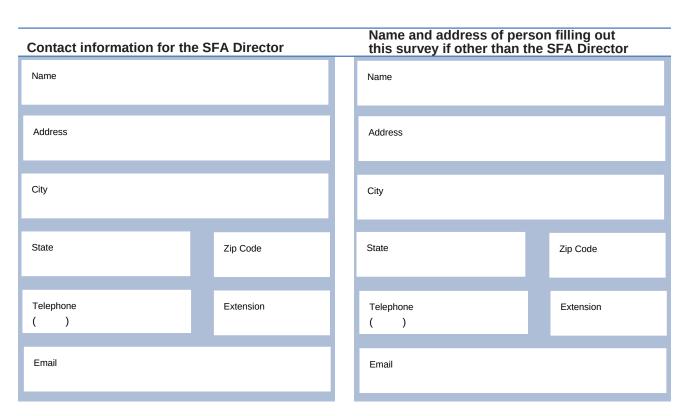

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: U.S. Department of Agriculture, Food and Nutrition Service, Office of Research and Analysis, Room 1014, Alexandria, VA 22302. Attn: Mr. John Endahl.

We thank you for your cooperation and participation in this very important study.

INSTRUCTIONS

- Please answer all questions.
- Unless you see the words CHECK ALL THAT APPLY after a question, please check only one answer for each question.
- If you have any questions about the study or about completing this survey, please contact the Westat survey helpline at 1-888-202-1565 or by email: SNPOS@westat.com

Section 1 School Participation

The next few questions are about the number of schools in your SFA participating in the school breakfast and lunch programs during the 2012–2013 school year.

1.1 For this question, please record your responses separately for Elementary (i.e., schools composed of any span of grades from Kindergarten through 6th grade); Middle or Junior High (i.e., schools that have no grade lower than 6 and no grade higher than 9); or High School (i.e., schools that have no grade lower than 9 and continue through 12th grade). If any school does not meet the Elementary, Middle or Junior High, or High School definition, please include it in the "Other school" column and describe them briefly under item f.

Please answer the following questions for the 2012–2013 school year:

		1	2	3	4	5
	Number of schools	Elementary school	Middle or Junior High	High School	Other school	Total
:	Number of <u>schools</u> participating in both the School Breakfast Program (SBP) and the National School Lunch Program (NSLP)					
	Number of <u>schools</u> participating in SBP only					
	Number of <u>schools</u> participating in NSLP only					
	Number of <u>schools</u> NOT_ participating in either SBP or NSLP					
	Total Number of <u>schools</u> in the school districts

Section 7 Revenues

This section asks about Revenues.

7.1 For the last school year, that is, the 2011-2012 school year, please record all income that was received by your school district's food service program. If no income, please enter zero. If a category includes revenues from another category, list the other categories in the last column (e.g., a, b, c etc.). For example, if income from federal meal reimbursements for free, reduced price and full price meals cannot be separated from federal income from other child nutrition programs, record the total for rows a and b, and write "b" in the last column. If the response for lines a and b are combined in line a, do not write a response on line b.
