*There are 3 marks per endline.

**Each mark costs \$0.055.

***Each mark requires 5 minutes of time.

Notes:

The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.

Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,374,488
Annualized number of rule-related hours over three years (Column O total divided by 3)	114,541
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$75,597

*There are 3 marks per endline.

**Each mark costs \$0.055.

***Each mark requires 5 minutes of time.

Notes:

The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.

Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,187,563
Annualized number of rule-related hours over three years (Column O total divided by 3)	98,964
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$65,316

*There are 3 marks per endline.

**Each mark costs \$0.055.

***Each mark requires 5 minutes of time.

Notes:

The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.

Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,225,418
Annualized number of rule-related hours over three years (Column O total divided by 3)	102,118
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$67,398

*There are 3 marks per endline.

**Each mark costs \$0.055.

***Each mark requires 5 minutes of time.

Notes:

The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.

Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,225,418
Annualized number of rule-related hours over three years (Column O total divided by 3)	102,118
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$67,398

*There are 3 marks per endline.
 **Each mark costs \$0.055.
 ***Each mark requires 5 minutes of time.
 Notes:
 The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.
 Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,182,120
Annualized number of rule-related hours over three years (Column O total divided by 3)	98,510
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$65,017

*There are 3 marks per endline.
 **Each mark costs \$0.055.
 ***Each mark requires 5 minutes of time.

Notes:
 The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.
 Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,187,024
Annualized number of rule-related hours over three years (Column O total divided by 3)	98,919
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$65,286

*There are 3 marks per endline.

**Each mark costs \$0.055.

***Each mark requires 5 minutes of time.

Notes:

The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.

Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,220,814
Annualized number of rule-related hours over three years (Column O total divided by 3)	101,735
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$67,145

*There are 3 marks per endline.

**Each mark costs \$0.055.

***Each mark requires 5 minutes of time.

Notes:

The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.

Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,226,131
Annualized number of rule-related hours over three years (Column O total divided by 3)	102,178
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$67,437

*There are 3 marks per endline.

**Each mark costs \$0.055.

***Each mark requires 5 minutes of time.

Notes:

The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.

Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,233,701
Annualized number of rule-related hours over three years (Column O total divided by 3)	102,808
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$67,854

*There are 3 marks per endline.

**Each mark costs \$0.055.

***Each mark requires 5 minutes of time.

Notes:

The Year 1 cost burden represents the immediate cost of marking all buoy lines, which is required for all vessels.

Years 2 and 3 represent the the number of vessels that will be replacing buoy line, and therefore re-marking gear, based on the useful life of the rope used.

	Total Affected Vessels
Annualized number of responses over three years (Column G divided by 3)	1,233,703
Annualized number of rule-related hours over three years (Column O total divided by 3)	102,809
Annualized number of rule-related recordkeeping costs over three years (Column K total divided by 3)	\$67,854
