### CCDE Submission

OMB 0920-0745  
Expiration Date: 6/30/2013

Thank you for using the online CCDE submission website to submit your CCDE and narrative files.

The functions available in this area of [crccp.org](http://crccp.org) include this 'About' page, the 'Submit' page, and the 'View' page. You will use the 'Submit' page to transfer your CCDE file, narrative and any additional files to IMS. The two 'additional' files and corresponding 'description' fields, along with the general comments field, are optional.

To attach the CCDE file and narrative file, use the 'browse' button to locate the appropriate file on your hard drive, network, or other drive. After completing the fields, you can click on 'Submit' to send all the information, including the attached files, to IMS. Edit checks are performed for each field on the screen. If there are no problems, your information will be sent to the IMS web server, and you will be taken to the 'View' page. Note, depending on the size of your files and your internet connection, this may take several minutes. By clicking on the 'Date/Time' of the submission on the 'View' page, you will have the opportunity to print a summary page of your submission and/or save the summary page in a PDF format.

**IMPORTANT:** It is recommended that you use WinZip or other compression utility to compress your CCDE file. Please only compress one file into the CCDE 'zip' file. There is NO need to mail or e-mail your CCDE file or narrative.

Note, if you were asked to resubmit an CCDE file or narrative, please note that in the general comments field. If a file hasn't changed, there is no need to resubmit it.

If you have any problems with the site, or have questions, please e-mail [support@crccp.org](mailto:support@crccp.org).

---

Public reporting burden of this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road, MS-24, Atlanta, GA 30333.
