Welcome to the CDC's Colorectal Cancer Control Program's web-based cost data collection site. This web-based tool is designed to collect program level cost data (not budget data) from all CRCCP grantees in a user-friendly format. Guidelines are provided for inputting the information into the various data fields; scrolling over the help boxes will display this information. Many data fields will be automatically calculated based on the data you provide. The data in these fields will be visible to the user, but the user will not be able to edit the information displayed.

Please contact Sonja Hoover from RTI International (email: shoover@rti.org) if you have any questions or concerns.

Public reporting burden of this collection of information is estimated to average 22 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-24, Atlanta, GA 30333.
