Did Cortney get back to you? We are fin waiving the 60 day FRN, but you do need to do a 30 day. The 30 day should discuss the mechanism (generic) and be specific about the scope of the coverage of the types of collections.

Good morning Margo and Cortney:

When Vik and I last spoke to OMB about the 0920-0040 Exposure Investigations ICR on October 1, 2012, we were instructed to convert it to a generic clearance. On that call, we were also told that ATSDR did not have to republish the 60- nor the 30-day FRN..

Can you let us know if the 30-day FRN still stands, or should ATSDR republish it for the generic clearance?

Thanks for your help.
